

## **WSU TECH AND WICHITA STATE UNIVERSITY 2+2 AGREEMENT**

### **Associate of Applied Science Degree/Bachelor's Degree in Business Administration *April 2022***

The purpose of the 2+2 Agreement is to provide students of the Wichita State University Campus of Applied Sciences and Technology (herein referred to as WSU Tech) a four-year coordinated program through the associate of applied science curriculum where students will receive an Associate of Applied Science degree at WSU Tech in the first two years and a Bachelor of Business Administration degree from Wichita State University (WSU) after two additional years. This agreement will provide guidance for both parties in advising students.

This agreement is for WSU Tech students who have:

- Earned an Associates of Applied Science (A.A.S.) degree according to attached degree plan.
- Achieved a minimum cumulative GPA of 2.25.
- Applied for admission to WSU.

WSU Tech students meeting the above requirements will:

- Be guaranteed admission to WSU with completion of application requirements and receipt of transcripts.
- Enter with junior status toward a baccalaureate degree.
- Be guaranteed to transfer up to 62 credit hours (based on requirements for the A.A.S. degree) from WSU Tech to WSU.

This partnership reflects the following objectives, institutional expectations, and operational principles:

- Expanded student program opportunities, course articulation understandings, and transfer coordination considered mutually beneficial in this coordinated partnership.
- Graduates will possess the technical skills and conceptual background, creative mindset and applied experiences to address the workforce needs for achieving the desired economic development in the State of Kansas.
- All students must complete all major, institutional, and required degree requirements appropriate to the program curricula at the degree granting institution in order to graduate.
- Both WSU Tech and Wichita State University W. Frank Barton School of Business program faculty and administrators will promote the program with qualified prospective students and share assessment of learning outcomes toward the goal of program improvement.
- Students can inquire about academic and participation scholarships, financial aid, and grants by contacting the WSU Financial Aid office (316) 978-3430 and the Barton School of Business Advising Center at (316) 978-3203.
- Students transferring to WSU from WSU Tech who have not completed an A.A.S. must meet the necessary requirements for admission to WSU and will have their transcript evaluated on an individual basis.

In order to ensure a successful transition and completion of the associates' and bachelors' degrees from both institutions in this 2+2 agreement, students should refer to the required degree plans or stipulations of this agreement. Transfer students must complete at least 60 credit hours of four-year college work including 45 credit hours of upper-division work in order to qualify for graduation from Wichita State University. Courses used as prerequisites may have higher grade requirements as described in the WSU undergraduate catalog. Students need a minimum of 120 credit hours to complete a WSU bachelor's degree in Business.

**Reverse Transfer**

Students who transfer to Wichita State University from WSU Tech before attainment of the Associate of Applied Science degree are eligible to reverse transfer courses that have WSU/WSU Tech equivalency back to WSU Tech. This allows for the attainment of the Associate of Applied Science degree provided that 1) at least 45 credit hours are earned at WSU Tech and 2) all other degree requirements are met.

**Terms of Agreement**

This agreement will begin with the 2022-23 academic year.

**Modification of Agreement**

Only a written modification of this agreement, properly ratified, will have the same formality as the original agreement.

**Termination of Agreement**

Either party may terminate this agreement for any reason with formal written notice from either party. The parties agree that termination shall include an agreement that students currently enrolled in the program at the time of termination shall be permitted to complete the program as described herein.

This agreement is a collaboration between Wichita State University and WSU Tech. Any changes, corrections, or additions to this agreement shall be in writing and signed by all necessary parties between both academic institutions.
