Schedule of Courses Errors and Warnings Report – WSU Reporting RO00103

NOTE: Some “errors” on the report are there to alert us to the use of something that should be double-checked (e.g. room override). They may not be an error but the report is listing them so you can ensure the entry is correct. Codes **highlighted in green** below are the “warning” types for which you may find your entry is not an error at all. **True errors are in yellow**.

The following provides explanation for each error/warning code.

A = the dates on the Meeting Times and Instructors/Meeting Dates tab in SSASECT are not consistent with the POT. The dates entered here should be the actual dates and should fit within the POT selected on the Course Section Information tab. It may be correct that they are different from POT.

Term: 201920 CRN: 26249 Subject: CESP Course: 750G Title: How Families Function

Course Section Information Section Enrollment Information **Meeting Times and Instructor** Section Preferences

Meeting Dates Meeting Location and Credits

▼ SCHEDULE

Meeting Time	Meeting Type	Start Date *	End Date *
	CLAS	02/22/2019	02/22/2019
	CLAS	02/23/2019	02/23/2019

B = dates and times have been entered but no days have been selected.

C = dates and days have been entered but no times.

E = courses that can be offered for a range of hours must have the number of hours for the specific section entered on the first tab in SSASECT (see image below).

▼ CREDIT HOURS

Credit Hours

Credit Hours	3.000	5.000	<input type="text" value="5.000"/>
Credit Hours Indicator	<input type="radio"/> None	<input checked="" type="radio"/> To	<input type="radio"/> Or
Billing Hours	3.000	5.000	<input type="text" value="5.000"/>
Billing Hours Indicator	<input type="radio"/> None	<input checked="" type="radio"/> To	<input type="radio"/> Or
Contact Hours	3.000	5.000	<input type="text"/>
Contact Hours Indicator	<input type="radio"/> None	<input checked="" type="radio"/> To	<input type="radio"/> Or

K = Is a **warning** if CRN uses OHY method and has days/times – this should only be the case if the course is taught online synchronously and requires in-person exams/assessment. Dates/times for exams if students come to take them on-campus (OHY) should be detailed in SSATEXT.

Schedule of Courses Errors and Warnings Report – WSU Reporting RO00103

O = you have entered an O in the override field on the Meeting Location tab. This means more than one class could be put in the same building/room. Be SURE you meant to enter the O and only use this for building/rooms which you are authorized to enter.

Meeting Dates		Meeting Location and Credits			
SCHEDULE					
Automatic Scheduler	Building	Room	Schedule Type *	Hours per Week *	Override Indicator
	CH	200	0	2.50	O

P = integration partner is null. You must enter the integration partner code and it should be the exact same code you used in schedule type.

Schedule Type	0	...	Lecture
Instructional Method	TCI	...	Traditional
Integration Partner	0	...	Schedule 1

Q = indicates the CRN is using an old/invalid instructional method; must be changed to one of the current codes.

R = indicates the CRN is for a root course for special topics, workshops, etc., and should not be used. The CRN should be for the course with the root number plus a letter (e.g, 150A). New titles with number/letter can be created using the CIM course proposal (check the box for new letter under approved root).

S = indicates the instructor of record assigned to a graduate course has not been approved by the Graduate School to teach graduate courses; please contact the Graduate School at 978-3095.

T = tells you a Saturday only CRN was created using POT 1; the POT must be changed to 1S.

U = instructional method OLA and meeting pattern. Online asynch classes should have no meeting pattern.

V = tells you a Co-op CRN was created using instructional method other than CPI; must be changed.

Y = tells you a course has more than 3 grade modes so you **must** select a mode on SSASECT to confirm which should be used for this CRN.
