Executive Summary

The fiscal year (FY) 2024 Annual Operating Budget contains plans for the allocation of funds in accordance with the Strategic Plan for the fiscal year beginning July 1, 2023. As part of the resource planning process, this document outlines planned operating expenditures by fund for each college and department, structured by program.

Each year the budget is designed with the university's Vision, Mission, and Strategic Plan serving as the key principles guiding development of the annual operating plan. Resources for the operating budget of \$774.5 million are generated from General and Restricted Use funding. Of the \$213.0 million in General Use (GU) funding, \$113.5 million is appropriated from the State General Fund (SGF) and \$99.5 million is from the General Fees Fund (tuition).

Vision

The vision of Wichita State University is to be one of the nation's most innovative public research universities, known for providing impactful student experiences and driving prosperity for the people and communities we serve.

Mission

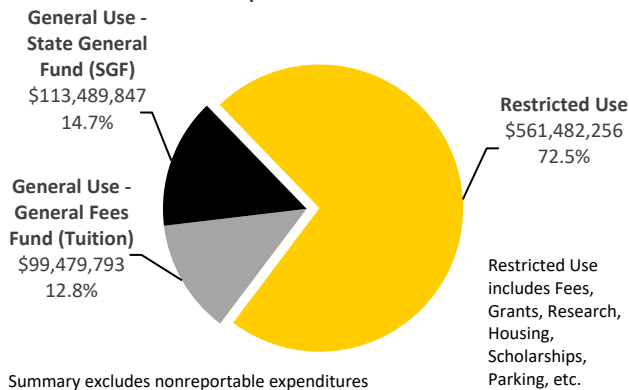

The mission of Wichita State University is to be an essential educational, cultural and economic driver for Kansas and the greater public good.

of Regents to address one-time demolition, capital renewal, and information technology needs. Because the specific allocations to the university are not yet known, they are excluded from this budget document.

Overall, the operating budget continues to experience substantial growth, which is predominantly driven by Restricted Use (RU) funding. In the FY 2024 budget, RU funds now represents 72.5% of the budget, while in FY 2018 they represented 50.7%.

Over the past six years, the adopted operating budget has increased from \$315.2 million to \$774.5 million. When viewed by program, the growth has primarily occurred within the research related services of the university, which currently comprises almost 60% of the university budget.

**FY 2024 Operating Budget
\$774.5 Million**

In comparison to the previous year, General Use revenue is budgeted to increase by \$23.2 million. The key changes include:

- **State General Fund**
 - \$620,805 – fringe benefit increases
 - \$1,295,123 – state pay plan (2.5% compensation pool)
 - \$1,500,000 – student success (NISS)
 - \$4,246,340 – need based student financial aid
 - \$6,500,000 – health science center (one-time)
- **Tuition**
 - \$5,546,000 – 5.9% tuition rate increase
 - \$3,510,448 – growth in credit hour production and student mix

The state also appropriated funding to the Kansas Board

Executive Summary

General Use Budget

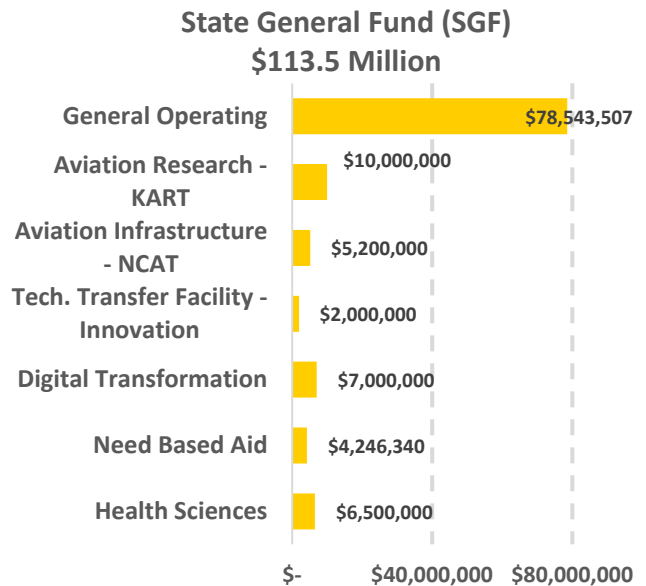

- \$4,246,340 – need based student financial aid
- \$6,500,000 – health science center (one-time)

State General Fund

The University receives State General Fund (SGF) appropriations through seven distinct allocations, these include General Operating, which supports the academic and administrative portion of the university, while the remaining allocations are restricted in support of a specific purpose.

Total State General Fund support is estimated to increase by \$14.2 million to \$113.5 million. The new appropriations include:

Executive Summary

Over the past twenty years, the total SGF General Operating allocation has increased by \$15.0 million or 23.6%, as shown in the graph below.

For FY 2024 budgetary planning, the university projects a 4.9% increase in credit hour production in comparison to the previous budget. The growth results in an increase in budgeted tuition revenue of \$3.5 million.

General Fees Fund (Tuition)

Tuition revenue collections are primarily dependent on enrollment (credit hours generated), type of students enrolled (e.g., resident or non-resident), and tuition rates. University tuition rates were held flat in FY 2020, followed by a 2.0% increase in FY 2021, and then held flat again for both FY 2022 and FY 2023. For FY 2024, the Kansas Board of Regents approved a 5.9% rate increase, which is estimated to generate \$5.5 million in additional tuition revenue.

When combining both the tuition rate increase and projected growth in credit hour production and student mix, total tuition revenue is budgeted to increase by \$9.1 million in the FY 2024 budget.

■ Compensation and Fringe Benefit Costs

University operations rely heavily on human resources to deliver services across campus, and as a result changes in compensation and benefits is one of the most significant cost drivers within the budget. Key changes within the FY 2024 budget includes a 2.5% across-the-board compensation increase for benefits eligible faculty and staff (excludes the Division of Industry and Defense which has its own separate compensation plan), market-based compensation adjustments, Faculty Promotions in Rank and Tenure, Faculty Performance Incentive Review, and an approximate 9% increase in employer paid health benefits.

The state legislature appropriated funding for a 2.5% compensation pool (\$1,295,123) and (\$620,805) in support of fringe benefit increases for benefits eligible faculty and staff that are funded through the State General Fund. All other related costs are funded directly through university generated funding.

Executive Summary

■ Key General Use Allocation Changes

To continue to deliver educational, career, and life value to students, the university is dedicated to advancing its academic and research programs in coordination with the goals of the Strategic Plan. The table below outlines the key allocation changes within the General Use funds and the goal within the strategic plan that the item addresses.

Strategic Plan Goals

- **Student Centeredness:** Promote holistic student success through a supportive learning environment in which all of our students - past, present and future - continually thrive and grow.
- **Research and Scholarship:** Accelerate the discovery, creation and transfer of new knowledge.
- **Campus Culture:** Empower students, faculty, staff and the greater Wichita community to create a culture and experience that meets their ever-changing needs.
- **Inclusive Excellence:** Be a campus that reflects and promotes - in all community members - the evolving diversity of society.
- **Partnerships:** Advance industry and community partnerships to provide quality educational opportunities and collaborations to satisfy rapidly evolving community and workforce needs.

Executive Summary

■ Restricted Use Budget

Restricted Use funds represent revenues derived from sources other than the State General Fund and tuition. Restricted Use funds are predominantly generated from research/grants, student fees, student housing, parking, and funding in support of student scholarships.

Overall the Restricted Use budget has grown to represent 72.5% of the total budget, increasing from \$155.4 million in FY 2018 to \$561.5M in FY 2024. The majority of this growth has occurred in Federal Grants and Contracts, as well as Sales and Service of Educational Activities. These revenue sources are primarily used within the research related activities of the university.

■ Key Cash Funded Capital Projects

The table below outlines the large capital projects funded in the budget by using existing revenue and cash collections (not funded through issuance of new debt).

Key Cash Funded Capital Contributions	
Project	Amount
• Marcus Welcome Center (GU)	\$1,500,000
• KBOR Capital Renewal Program (GU)	\$882,000
• Educational Building Fund (RU)	\$4,500,000
• Deferred Maintenance Fund (RU)	\$3,321,000
• Student Housing (RU)	\$1,203,000
• Parking (RU)	\$526,000
• Division of Industry and Defense (RU)	\$1,800,000

■ New Debt Service and Issuance of Debt

The budget includes debt service payments for the planned issuance of new debt for two projects, as outlined below. Overall, the new debt service to fund capital projects in FY 2024 is budgeted at \$2.1 million.

Bond Rating	
Rating Agency	Rating
Moody's	Aa3

New Budgeted Debt Service	
Project	Amount
• University Stadium (RU)	\$1,128,715
• NIAR Technology & Innovation Building (RU)	\$961,146

Including both existing and new, annual debt service for FY 2024 is budgeted at \$13,983,989. This includes debt service for academic buildings, as well as the debt service recorded within the Auxiliary Enterprises program code (student housing and parking).

FY 2024 Budgeted Debt Service \$14.0 Million

■ Budgeted Use of Cash Balances

The FY 2024 budget includes the use of existing cash balances to develop a balanced budget where total resources (cash plus revenue) equals budgeted expenses. Within the General Use funds, cash is used in support of the following items:

- \$565,222 – purchase and implementation of a HR Talent Management System
- \$950,000 – development of a campus master plan
- \$175,000 – purchase equipment in support of expansion of the College of Health Professions

Executive Summary

Physical Therapy program.

- \$175,000 – refresh of the university’s website
- \$55,000 – equipment related to two new Regional Representatives in the Office of Admissions
- \$176,000 – ITS software replacement
- \$20,000 – HR compliance outsourcing

In addition to the items listed above, the university also earmarked during the budget process \$1,950,000 for faculty research startup costs in support of the hiring of additional faculty in the School of Engineering. Because of the competitive nature related to hiring engineering faculty, this funding was not specifically included in the budget, but will be allocated from cash reserves depending on the number of faculty hired and other resources available.

It is common for the university’s restricted use funds to have cash balances budgeted as a result of fluctuations in revenue collections (such as sponsored research and grants), as well as the use of cash balances to fund one-time expenditures related to research or capital projects.

Budgeted Use of Cash Balances	
Fund Type	Amount
• General Use	\$2,116,222
• Restricted Use	\$24,599,116
Total	\$26,715,338

■ University Resource Planning Process

Wichita State embraces an inclusive and collaborative budget development process that draws on faculty, staff, and student involvement through multiple engagement opportunities. The university President reviews and discusses the current legislative status concerning appropriations and potential tuition increases with the President’s Executive Team and during campus townhalls to obtain campus input. In addition, the University’s Budget Advisory Committee (BAC) includes diverse representation across campus of faculty, staff, and students. The BAC is co-chaired by the Vice President for Finance and Administration and the Provost, and includes the Sr. Associate Vice President for Finance and Administration, Executive Director of Budgets, Deans from the academic colleges, Presidents from the Faculty and Staff Senates, and Student

Government. Members of the Faculty and Staff Senate, as well as others from the campus community, can observe committee meetings.

The committee is charged with developing a lasting framework to identify, assess, and implement ideas that can positively impact the budget and its alignment with the university’s strategic plan. Throughout the development process, the committee is advised of tuition and State General Fund revenue estimates, with the committee providing guidance regarding expenditure planning around those parameters. Budget considerations by the BAC are weighed based on their impact on the goals of the university’s strategic plan and the following key criteria:

- Suggest strategic budget priorities consistent with the strategic plan.
- Evaluate and recommend options regarding specific campus budgetary concerns as assigned by the committee chairs.
- Communicate committee discussions and information with the areas of the university that they represent.

The BAC’s discussions are then combined with those of other campus-wide committees, such as Strategic Enrollment Management and Strategic Planning. University Budget Officers are asked in early May to submit, through an online budgeting system, their budget request for the upcoming budget year based on guidelines developed from the past discussions with the Budget Advisory Committee and the President’s Executive Team.

Throughout the budget process, the President, Vice Presidents, and Division of Finance and Administration hold discussions and presentations with deans, faculty, university senates, and the student body. Within these settings, students, faculty, and staff have the opportunity to ask questions and seek additional information at different stages of the budgeting process.

Wichita State University
FY 2024 Annual Operating Budget
Budget Terms and Definitions

Funding Terms and Definitions:

State General Fund

Appropriations made by the Governor and Legislature from state tax revenues. For FY 2024, WSU has five unique State General Funds:

- | | |
|--|-----------|
| 1. State General Fund-Operating Expenditures | 1000-0003 |
| 2. State General Fund-Technology Transfer Facility | 1000-0005 |
| 3. State General Fund-Aviation Infrastructure | 1000-0010 |
| 4. State General Fund-Aviation Research | 1000-0015 |
| 5. State General Fund-Digital Transformation | 1000-0020 |

The State General Fund-Operating Expenditures is the appropriation for general university operating expenditures including both salaries and fringe benefits and OOE. For FY 2024, the legislature appropriated amounts for targeted areas within the university. Separate budget units were established within the State General Fund to account for these appropriations. These include \$2 million for the technology transfer facility (SGF-Technology Transfer Facility), \$5.2 million for training and equipment expenditures of the National Center for Aviation Training (SGF-Aviation Infrastructure), \$10 million for aviation research at NIAR (SGF-Aviation Research), and \$7 million for the National Institute for Digital Research & Transformation (SGF-Digital Transformation).

General Fees

Revenue derived from the collection of student tuition. Expenditures from general fees may be made for salaries and wages and other operating expenditures.

General Use Funds

The combined revenues from state tax dollars (State General Fund) and tuition revenues (General Fees).

Restricted Fees

Special revenues that must be used solely for the specific purpose collected. Restricted fees include revenues for workshops, music events, gifts and grants for teaching and research, investment income, student fees, etc.

Budget Terms and Definitions

Funding Terms and Definitions: (cont.)

Student Fees

Revenue collected from students at the time of enrollment to cover the costs of student-related activities. Student fees, Health and Wellness and the ICAA fees are assessed on a three tiered, flat fee structure, and are based on the type of student (undergraduate/graduate), number of enrolled credit hours, and in which semester classes are taken.

Educational Opportunity Fund

The Educational Opportunity Fund was established to provide funding for academic scholarships and fellowships for both graduate and undergraduate students; need-based grants, including awards to students with special expenses such as child care or groups of students who have been historically under-represented in higher education; salaries or grants for students participating in public and community service programs; and salaries for students employed in campus student service programs such as tutoring, day care, and peer counseling.

Table VI - Leaves of Absence, FY 2024

Name	Rank	Department	Period of Leave	Purpose of Leave
JaeHwan Byun	Associate Professor	School of Education, C & I	Fall 2023	Conduct research projects about digital transformation and online learning in international teacher education programs. 1) Investigate how other countries have been preparing for digital transformation in teacher education; 2) Examine the readiness of online education of university faculty and students in middle Asian developing countries.
Yanwu Ding	Associate Professor	Electrical & Computer Engineering	Fall 2023	Explore effective frequency and interference management algorithms for multi-level non-terrestrial and terrestrial integrated networks; initiate more future collaborations with Dr. Zhang at Temple University; and enrich course curriculums for ECE782 and ECE586.
Kyoung Hag Lee	Professor	Social Work	Fall 2023	Focus on completing two publication projects and one grant application. Explore the association between health literacy and gastric cancer knowledge among Korean immigrant elders. Second, using a primary survey data, I will identify the important factors that correlate with receiving a prostate cancer screen among American Indian elders. Finally, work with research team to complete an external grant application for National Institution of Health R21.
Stanley Longhofer	Professor	FREDS	Spring 2024	Investigate how the value of location is oriented within a metropolitan area and how it evolves over time. By estimating "quasi-local" overlapping regressions and exploiting the symmetry among them, we propose to construct a surface of the relative value of location within an metropolitan area. Our preliminary work in this area suggests that this premium for location is decidedly non-monocentric, asymmetric, and highly dynamic.
Xiufen Lu	Associate Professor	Philosophy	Fall 2023	Finish book on Li Daozhao (1889-1920) the first Chinese intellectual to adapt Marxism to China's situation and co-founder of the Chinese Communist Party.
Holger Meyer	Professor	Math, Stats, Physics	Fall 2023	Develop software for a cubesat mission in support of NuSOL, project at WSU. Complete software development of the payload controller on board the cubesat satellite and the ground station software. These are two pieces of the overall project critical to its success.
Jennifer Pearson	Professor	Social Work	Spring 2024	I propose a mixed methods project that will explore how young adults with marginalized sexual and gender identities find and experience joy despite surrounding contexts of stigma and inequality. Also explore new creative methods, including participatory photography and digital storytelling. Finally, to complement the qualitative data, will also explore secondary sources of data with samples of LGBTQ+ youth and young adults that include information on joy and positive well-being.
Jay Price	Professor	History	Spring 2024	Conduct research on and to draft a manuscript that explores the history of the chapel in the United States with a particular focus on a period of "Chapelmania" that saw a profusion of chapel construction in the 1950s and through the interfaith movement of the 1970s.
Lori Santos	Associate Professor	Art & Design	Spring 2024	Collecting first person stories and other qualitative data through interviews and collaborative art making experiences with Native American artists. The stories and data collected will serve as first person research to write a pedagogical textbook for K-12 art education informed by Indigenous Pedagogies. A primary goal will be to feature 365 Native artists, thus providing art teachers and art student daily inspiration from a featured Native artist.

Clay Stoldt	Professor	Applied Studies	Fall 2023	Purpose of advancing my expertise and skills relevant to my primary academic and professional specialization - sport public relations. 1) Pursue additional study and credentials; 2) re-engage with practitioners; 3) conduct research; 4) develop course resources.
Levente Sulyok	Professor	Art & Design	Fall 2023	Develop work for two international exhibitions requiring travel for research. My current research responds to the tensions between the reemergence of authoritarian nationalism in central/eastern Europe, specifically Hungary, and the fluidity of cultural traditions which make up a nation. Culture is deeper and older than the nation, and often exist across contemporary national borders.
Semih Tartaroglu	Associate Professor	FREDS	Fall 2023	Focus on current research agenda and to prepare for the graduate-level Fintech course, which will be an elective for Finance and MS Business Analytics majors. Among projects listed in my resume, I plan to focus on my project on Tweets of Influential Users: An Investigation of Market Volatility and Tweet Metadata.

Fiscal Year 2024 Annual Operating Budget

Instruction Program
Program Code 42000

Instruction Program Definition

The Instruction Program includes expenditures for all activities that are part of the University's instruction component. Expenditures for organizational (departmental) research and public service that are not separately budgeted are included in this program. The Instruction Program excludes expenditures for academic instruction when the primary assignment is administration. An example is the salary of an academic dean. However, expenditures for organizational (departmental) chairpersons and administrators for whom instruction is the primary role are included. The Instruction Program is further divided into two sub-programs: General Academic Instruction (42011) and Summer Session (42015).

Research Program
Program Code 45000

Research Program Definition

The Research Program includes all expenditures for activities specifically organized to produce research, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution. Subject to these conditions, the program includes expenditures for individual and/or project research as well as that of institutes and research centers. The Research Program is further divided into three sub-programs: Institutes and Research Centers (45210), Individual or Project Research (45220), and General Research.

Public Service Program
Program Code 46000

Public Service Program Definition

The Public Service Program includes funds expended for activities established primarily to provide services beneficial to individuals and groups external to the institution. These activities include community service programs and non-credit instruction. Included in this program are conferences, institutes, general advisory services, reference bureaus, public broadcasting, consulting, community education, training grants, and other similar services to particular sectors of the community. The Public Service Program is further divided into three sub-programs: Community Services (46320), Public Broadcasting (46340) and Community Education (46350).

Academic Support Program
Program Code 43000

Academic Support Program Definition

The Academic Support Program includes funds expended to provide support services for the institution's primary missions: instruction, research, and public service. It includes the retention, preservation, and display of educational materials (libraries, museums, and galleries); media (audio-visual services); information technology; academic administration (including academic deans but not department chairpersons); personnel development; and separately budgeted support for course and curriculum development. The Academic Support Program is further divided into six sub-programs: Libraries (43041), Museums and Galleries (43042), Audio Visual Services (43043), Computing Support (43044), Ancillary Support (43045) and Academic Administration (43046).

Student Services Program
Program Code 44000

Student Services Program Definition

The Student Services Program includes funds expended for offices of admissions and the registrar and activities with the primary purpose of contributing to students' emotional and physical well-being and intellectual, cultural, and social development outside the context of the formal instruction program. It includes expenditures for student activities, cultural events, student newspapers, intramural athletics, student organizations, intercollegiate athletics, counseling and career guidance and student aid administration. The Student Services Program is further divided into six sub-programs: Student Services Administration (44051), Social and Cultural Development (44052), Counseling and Career Guidance (44053), Financial Aid Administration (44054), Intercollegiate Athletics (44056), and Student Recruitment, Admissions, and Records (44057).

Wichita State University
Fiscal Year 2024 Annual Operating Budget
Physical Plant Operations Program
Program Code 96000

Physical Plant Operations Program Definition

The Physical Plant Operations Program includes all expenditures of current operating funds for the administration, supervision, operation, maintenance, preservation, and protection of the institution's physical plant. It includes expenses normally incurred for such items as janitorial and utility services; repairs and ordinary or normal alterations of buildings, furniture and equipment; care of grounds; maintenance and operation of buildings and other plant facilities; security; disaster preparedness; environmental safety; hazardous waste disposal; facility rental; facility planning and management; and central receiving. The Physical Plant Operations Program is further divided into five sub-programs: Physical Plant Administration (96002), General Maintenance (96003), Utilities (96004), Security (96005), and Special Projects (96006).

Auxiliary Enterprises Program
Program Code 48000

Auxiliary Enterprises Program Definition

An auxiliary enterprise exists to furnish goods or services to students, faculty, or staff, and charges a fee directly related to, although not necessarily equal to, the cost of the goods or services. The distinguishing characteristic of an auxiliary enterprise is that it is managed as an essentially self-supporting activity. Examples are residence halls, food services, and parking.
