

Blood Drive—October 19, 2021. We thank all the blood donors! There were twenty three donors, including some of our current and former staff, that showed up for the WSU Haysville Blood Drive yesterday. Your generosity and kindness were deeply appreciated when there is such a need for donated blood! We thank Lilly Steichen at Red Cross for collaborating with our staff Danielle Gabor (Associate Director) and Kylie Sharpe (Admin Specialist) to put up this successful event! The Red Cross Team was very efficient and professional - all donors said the donation process was quick and painless. Until next time....
