RE: Native American Storytelling at the Lake Afton Public Observatory.

Native American Storytelling under the Stars

Join us at the Lake Afton Public Observatory on Friday, November 8 for a very special evening of Native American storytelling to be held outside around a campfire. The North American plains tribes had constellations, stars and legends unique to their culture just as the Greeks and Romans did. Hear some of the many wonderful sacred star stories Native American tribes told and learn how the night skies influenced tribal life. The Native American Storytelling program will take place in the field to the west of the Observatory building. Your Native American host, Jan Brooks of the Ojibwe tribe will begin her first story at 8:00 p.m.

Seating is not provided so you will want to bring a folding chair or blanket to sit on or wrap up in and a jacket. There is no charge for the Native American Storytelling program, however if you would also like to take in the Observatory's regularly scheduled program and many exhibits, normal admission charges will apply.

On Friday November 8, if skies are cloudy and it looks like it might rain, please check the Observatory's program information line to see if the Storytelling program has been canceled. To do that, call 978-7827 and select option 1, Program Cancellations.

Opening Times and Admission

From October 1 through December 21 the Lake Afton Public Observatory is open to the public on Friday and Saturday evening from 7:30 pm to 10:00 pm. Admission is just \$5 for adults and \$3 for children ages 6-12; children under 6 are admitted free. There is also a special family rate where 2 parents and their immediate minor children or grandchildren get in for just \$15.00. Current program information is available on the Observatory hotline at WSU-STAR (978-7827) or from their website at <http://webs.wichita.edu/lapo>. You can also "friend" the Lake Afton Public Observatory on Facebook.

Location

The Observatory is located about 20 miles southwest of downtown Wichita on MacArthur Road at 247th Street West in Lake Afton County Park.
