Introduction

Para Educators now have a shortened pathway to Teacher of Record with the Online Teacher Apprentice Program at Wichita State College of Applied Studies in the School of Education. The inverted curriculum allows Para Educators to complete their degree without leaving their local school district position. This immersive, hands-on educational experience combines the best of traditional and alternative teacher preparation programs. Upon program completion, students will possess a strong foundation of pedagogy and the skills necessary to manage student behaviors and positively impact student learning.

- Fully online course delivery.
- Earn field experience credit for work as a Para Educator.
- Flexible program of study based on prior coursework.
- Ongoing mentor support throughout program.

The WSU Teacher Apprentice Program (TAP Program) facilitates the Para Educator's progression from Para Educator to Teacher of Record through distinct stages and licensure options.

When students enter the program, they must be employed as a para educator at the Early Childhood (Birth-3rd grade) and/or Elementary Education (K-6th grade) level and meet all requirements as outlined under Para Educator Qualifications.

- After an individual meets the qualifications for the Limited TAP License, they have the option (not required) to be hired as a teacher of record under the Limited TAP License while completing the TAP Program.
- This license can only be held by individuals after they have been offered a position by a district, met the Limited TAP Licensure Requirements, and who maintain enrollment in the TAP Program.
- An individual can only hold the Limited TAP License while a candidate in the TAP Program.
- Once an individual completes the TAP Program (Bachelor of Arts in Early Childhood Unified/Elementary Education), they must complete the requirements and application for their initial licensure as required by KSDE (Kansas Department of Education), see Initial Teaching License section of this document.

For more information on the Teacher Apprentice Program, visit wichita.edu/tap.
