a brief
HISTORY
OF
WSU TECH

History of WSU Tech

- 1965: Wichita Area Vocational-Technical School (WAVTS) was created and recognized by the Kansas State Board of Education to serve area high schools
- 1991: Associate of Applied science degrees were awarded by WSU in conjunction with WAVTS for Electronic Engineering Technology students
- 1995: WAVTS became Wichita Area Technical College and granted the authority to award college credit and the associate of applied science degree
- 1997: General Education agreement between WSU and WATC was signed
- 1999: WATC became part of the Kansas Board of Regents

History of WSU Tech cont.

- 2004: WATC transitioned to an independent entity governed by a board of trustees
- 2008: WATC received HLC Initial Accreditation
- 2010: National Center for Aviation Training opened near Jabara Airport
- 2013: WATC is the fastest growing college in Kansas
- 2015: Shocker Pathway was started to help students transition from WATC to WSU
- 2018: WATC became affiliated with Wichita State University and became the WSU Campus of Applied Sciences and Technology

WHO IS WSU TECH?

The mission of WSU Tech is to provide quality higher education and leadership in workforce training that supports economic development for a global economy.

COLLABORATION

WSU Tech and Wichita State University students work alongside each other at WSU Old Town

Koch Accounting Apprenticeship Program

- Beginning 2022
- Foundational coursework offered through WSU Tech and Koch U
- Provides an opportunity for students interested in accounting to take classes at WSU Tech and have a paid apprenticeship with Koch Industries

Metallica Scholars

- \$1,000 scholarship to first time freshman
- Sponsored by Metallica's All Within My Hands Foundation and the American Association of Community Colleges

JumpStart Program

High school students get a jump on a college degree or a career with tuition-free or reduced-cost classes from WSU Tech

wsutech.edu

Through the Wichita Promise scholarship, individuals can take a short 8 to 10-week program where they receive training in a high-demand field and a guaranteed job interview most before they even finish classes.

Since its origination in the fall of 2016, over 1.4 million dollars of scholarships have been awarded and nearly 1,000 students have participated.

Fall 2022 class, eligible programs include: Aviation Sheetmetal Assembly, CNC Operator, Composite Fabrication, Process Mechanic (Paint) and health core classes for Practical Nurse, Registered Nurse and Surgical Technology.

FutureMaker Mobile Learning Lab

- 40-foot trailer that travels throughout the state of Kansas to high schools and middle schools.
- Students participate in a variety of interactive activities focusing on high-demand STEM career fields
 - Virtual Welder
 - Virtual Painter
 - Sheetmetal Riveting
 - zSpace 3D Computers

Future Ready Center – Manufacturing & Aviation

- Offering class related to advanced manufacturing and aviation to high school students
- Located next to North High School
- Classes include
 - Sheet metal
 - Composites
 - Airplane build from a kit
 - Robotics
 - Maintenance & Automation

- On October 11, 2022, WSU Tech in partnership with Wichita Public Schools, Wesley Medical Center, and the City of Wichita announced plans for the Healthcare Future Reach Center at the WSU South campus
- High school students will receive hands-on training, learning opportunities, and mentoring from health care industry experts and instructors in our many health care programs

GET TO WERX

Get To WERX is an earn & learn program that offers full-time, paid employment with NIAR WERX while progressing through WSU Tech's Aviation Maintenance Technology program and simultaneously earning credits towards the Bachelor of Applied Sciences degree in Organizational Leadership and Learning at Wichita State University.

Program Success:
