¹ Pre-major courses.

² Take this course in one of your final two semesters (Fall or Spring).

³ These four courses are required for ASHA certification ([Course Content Areas for SLP Standards](#)).

⁴ CSD Majors are encouraged to take a research methods course (not required for the CSD Major).

⁵ The course must be taught by a Department of Physics or a Department of Chemistry.

ADDITIONAL INFORMATION

There is no longer a paper application for CSD Major status. A pre-major student will automatically become a CSD Major after successful completion of two of the four pre-major courses (CSD 111, 301, 304, and 306).
