Dear Dr. LeFever,

At its August 4, 2022 meeting, the Commission on Dental Accreditation (CODA) granted the dental hygiene program the accreditation status of “approval without reporting requirements.” The definitions of accreditation classifications are linked below. Below is a summary of actions and additional information.

Dental Hygiene Site Visit

The Commission considered the site visit report on the dental hygiene program. The Commission also considered the institution’s response to the site visit report.

On the basis of this review, the Commission determined that the recommendation cited in the report has been met and adopted a resolution to grant the program the accreditation status of “approval without reporting requirements.”

No additional information is requested from the program at this time. The next site visit for the program is scheduled for **2028**.

The findings of the Commission on Dental Accreditation are noted in the attached Commission approved site visit report. Oral comments made by site visit team members during the course of the site visit are not to be construed as official site visit findings unless documented within the site visit report and may not be publicized. Further, publication of site visit team members’ names and/or contact information is prohibited.

One copy of this report has also been sent to the chief administrative officer and program director copied on this letter. The Commission requests that a copy of this report be
