Students should check with the study abroad advisor and/or their academic advisor to determine which classes are offered during the semester in which they plan to study abroad. Classes listed below show transfer equivalencies, however the classes are not always offered during every semester. Students should meet with an academic advisor to determine how the classes would be applied toward their WSU degree.

**\*This is not a full list of classes offered at Hamburg University of Applied Sciences. Students who find classes that they plan to take that are not listed here should first consult the study abroad advisor to determine how to have those classes evaluated if needed.**

**\*Students are generally only able to take courses from one subject area. Please consult the WSU Study Abroad Office if interested in courses from more than one subject.**

*\*\*Grades of A-E (or 0.7-4.0) will transfer back for credit from this university. Grades lower than this will not receive transfer credit.*

*Course at Hamburg University (offered in English)*
