* = Auxiliary Services includes oversight of operations of Wichita State University Union Corporation.

** = Vice President for Strategic Engagement and Planning also reports to the President and President's Executive Team regarding strategic planning and university assessment.

** = Vice President Chief Diversity Officer also reports to the President and President's Executive Team regarding university diversity efforts.

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section I: General University Information, Strategic Planning and Performance Agreements

Introduction

Authorization and History

KSA 76-3a01 as amended established Wichita State University as a State higher educational institution under the auspices of the Kansas Board of Regents. Wichita State University traces its origin to Fairmount College, founded by the Congregational Church in 1895 with 16 students. In 1926, the citizens of Wichita voted to adopt the proposal that Fairmount College become a municipal institution, thereby creating the Municipal University of Wichita. On July 1, 1964, following the passage of an act by the Kansas Legislature in 1963 and a confirmation vote by the citizens of Wichita, Wichita State University was established as a member of the higher education system of the State of Kansas governed by the Kansas Board of Regents. Wichita State University is a metropolitan university located in the largest metropolitan area within Kansas. Today it provides educational opportunities for approximately 15,000 students.

Mission and Vision Statements

The following are the mission and vision statements for Wichita State University.

Mission

The mission of Wichita State University, updated in 2013, is to be an essential educational, cultural and economic driver for Kansas and the greater public good.

Vision

The vision of Wichita State University, updated in 2020, is to be one of the nation's most innovative research universities, known for providing impactful student experiences and driving prosperity for the people and communities we serve.

Values

There are core values that underlie all behavior at Wichita State University. These include integrity, personal responsibility, transparency, collaboration, and access and equity. It is expected that Wichita State University faculty, staff, and students will display honesty and truthfulness in all their actions. All are expected to show individual initiative as well as cooperative interaction among colleagues in accomplishing the goals of the university. There are distinctive values that are unique and integral to accomplishing Wichita State University's strategic plan. They are unique to this specific strategic plan. Each goal described below is supported by the following distinctive values.

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section I: General University Information, Strategic Planning and Performance Agreements

At Wichita State University, we value...

- Seizing opportunities
- Innovation and creativity
- Adaptive approaches
- Knowledge creation and dynamic educational opportunities
- Positive risk-taking

Strategic Plan

Wichita State University launched a strategic planning effort in 2012. The planning effort was divided into three phases:

- Phase I – Development of a Vision, Mission and Strategic Goals
- Phase II – Development of individual plans for:
 - Enrollment management, distance education, adult learning, retention and technology transfer
 - Academic units and Academic Affairs
 - Student Affairs programs
- Phase III – Engagement of Resource Partners to support Phase II plans

Phase I planning was completed in spring 2013. It was managed by a steering committee appointed by President Bardo and co-chaired by Cindy Claycomb, Wichita State University professor of marketing, W. Frank Barton School of Business and Ed O'Malley, president and CEO, Kansas Leadership Center. The committee engaged hundreds of people – including faculty, staff, students, business and community leaders and the general public – to generate ideas, gather data and make sense of the results.

The data from the steering committee, town hall meetings, interviews and strategic planning retreats were then distilled into a Strategic Planning Artifact report, a document that informed the recasting of the vision, mission and values statements for the university.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section I: General University Information, Strategic Planning and Performance Agreements

In fall of 2013, academic colleges and units on campus were charged with developing their strategic plans. They were allowed freedom in developing these individual plans, discovering how the university plan relates to their college or unit, and what they plan to change as a result. Plans for academic colleges and other units were completed in spring 2014. In November 2014, Cindy Claycomb formed and facilitated a Phase II Strategic Planning Steering Committee. The steering committee was tasked to support alignment of WSU Colleges' strategic plans with the University's seven strategic goals. Presentations and discussions with deans, chairs, vice presidents and directors occurred throughout the planning cycle. Phase II planning was completed in spring 2016.

In Phase III, engagement of Resource Partners to support Phase II plans continued. Resource Partners are units on campus located within an academic college. This engagement process kicked off with the first annual strategic plan review process fall 2016. The second engagement event was held spring 2017. The Strategic Plan Committee hosted a spring Strategic Planning Forum. In summer 2017, a university policy created a new standing committee – the Strategic Planning Committee.

In August of 2018, Cindy Claycomb and Kaye Monk-Morgan, Vice President for Strategic Engagement and Planning, began weekly meetings to begin the transition of strategic planning to the Office of Academic Affairs. Simultaneously, the Transition Subcommittee was meeting and providing guidance on establishing the new steering committee and Activation Teams (AcT). Three town halls were also held in the 2018-2019 academic year to support Strategic Planning. Through these processes, the following new strategic goals were established:

- Student Centeredness – promote holistic student success through a supportive learning environment in which all our students...past, present, and future, continually thrive and grow
- Research and Scholarship – accelerate the discovery, creation, and transfer of new knowledge
- Campus Culture – empower students, faculty, staff, and the greater Wichita Community to create a culture and experience that meets their ever-changing needs
- Inclusive Excellence – be a campus that reflects and promotes – in all community members – the evolving diversity of society
- Partnership and Engagement – advance industry and community partnerships and engagement to provide quality educational opportunities and collaborations to satisfy rapidly evolving community and workforce needs

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Wichita State University Performance Report AY 2020

The following performance agreements were approved for Wichita State University (WSU) by the Kansas Board of Regents. The format below lists WSU's institutional indicators followed by (1) Description and (2) Results.

Institutional Indicator 1: Increase number of certificates and degrees awarded

Description: Wichita State University uses a campus-wide, multi-pronged, collaborative approach (includes a student success course [first-year seminar], intrusive advising tools, supplemental instruction, tutoring services, and an early alert system [SEAS – Student Early Alert System]) aimed at increasing retention and graduation rates and increasing the number of degrees awarded. This work is overseen and monitored by the Office of Student Success, which includes a student success coach assigned to each college. Results will be based on the number of certificates and degrees awarded by academic year (summer, fall, and spring) as reported in the Kansas Postsecondary Database.

Result: MET - The number of certificates and degrees totaled 219 above the baseline. This increase is the result of continued retention efforts across the entire campus community. The campus Strategic Enrollment Committee continues to focus on retention strategies and support to encourage completion.

Institutional Indicator 2: Increase the percent of STEM degrees conferred

Description: Several initiatives are underway to increase the number of STEM discipline graduates. WSU is the recipient of funding from the State University Engineering Act to increase engineering graduates 60 percent by 2021. This funding has allowed the College of Engineering to hire additional faculty and support staff to allow increases in enrollment. Once students matriculate into engineering programs, the Engineering Student Success Center (ESSC) supports students towards their completion of an undergraduate degree. The Fairmount College Science and Math Education Center oversees and operates initiatives to encourage enrollment in the natural sciences. This measure will be based on the number of STEM degrees awarded (by academic year: summer, fall, and spring) in STEM disciplines and reported as a percent of all undergraduate degrees awarded as reported in the Kansas Postsecondary Database.

Result: NOT MET - STEM degrees were a third of all earned degrees and 0.8% below the baseline. Academic programs continue to foster integration into both the academic and social aspects of the college experience. Efforts to increase applied learning and research experiences have been implemented. Tutoring and academic support services continue and, in some cases, have been enhanced. The new focus on digital transformation and the accompanying academic programs should help performance rebound.

Institutional Indicator 3: Maintain National Science Foundation ranking in aeronautical engineering research and development expenditures from industry

Description: Enhancing industry-based research is one of the focuses of WSU's strategic plan. According to the National Science Foundation (NSF), WSU again ranked No. 4 in the nation with \$105 million, a \$48 million increase from 2018, including both industry and federally funded programs. Additionally, WSU has held its position as the top university in the country for industry-funded aeronautical Research & Development (R&D) with a total of \$74 million (according to NSF's National Center for Science and Engineering Statistics). Our current and planned research initiatives focused in this area (industry supported research in engineering and the National Institute for Aviation Research –

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Wichita State University Performance Report AY 2020

NIAR) are aimed at increasing industry-related research capacity and to maintain a top 10 ranking. For this indicator data reported will be the latest ranking and available academic year of industry R&D expenditures in aeronautical engineering research from industry.

Result: MET - The ranking is delayed by one year, due to the National Science Foundation reporting structure; however, the latest data available indicates a **retention in WSU's previous first-place ranking**. WSU expended \$74,551,000 in research and development this year, up from last year and \$46,801,000 more in than the baseline. Access to the new crash dynamics lab has yielded new research opportunities for National Institute for Aviation Research. The Dean of the Graduate School and Associate Vice President for Research and Technology continues work on enhancing the faculty productivity using new supports and expectations.

Institutional Indicator 4: Increase the number of undergraduate certificates and degrees awarded to underrepresented minorities (URMs)

Description: WSU is the most diverse public university in the state. Our goals are to recruit and retain a student body that is reflective of the community we serve, and work towards a higher degree completion rate among underrepresented minority (URM) graduates. To that end, WSU will: 1) Provide special outreach to groups where under-represented minorities are represented such as AVID, TRIO, GEAR UP, 2) Host recruitment events, group visits and attending cultural, community and college fairs designated for under-represented minority groups, 3) Offer bilingual services and oversight recruitment of ethnic minorities, with an emphasis on under-represented minorities, 4) Deploy Admissions Office recruitment representatives to schools in highly diverse Kansas communities, 5) Provide academic, cultural, social and outreach services to cultivate and sustain an inclusive campus that strives for academic success, and 6) Provide scholarships, including full-ride, four-year scholarships to those who achieve national Hispanic Recognition Scholar and a recruitment and retention scholarship program for incoming freshmen who are mostly ethnic minorities and/or first generation students. Data collected for this purpose will include the number of undergraduate under-represented minority students (African American, Hispanic, American Indian/Alaskan Native, Native Hawaiian/Pacific Islander) receiving certificates and undergraduate degrees by academic year.

Result: MET - **WSU awarded 134 more certificates to URM's over the baseline of 291 this year.** Recruitment along the I-35 corridor continues to result in growth in the diversity of the student body. Outreach programs such as TRIO/ GEAR UP, the Fuse and a new partnership with Wichita Public Schools that supports high achieving Black and Hispanic male students continue to encourage students to attend college, preferably at Wichita State. Continued refinement of high impact practices, including applied learning efforts that are paid opportunities to earn-while-you-learn, and scholarships that focus on need are helping improve college affordability.

Institutional Indicator 5: Increase the first to second year retention rate of first-time/full-time freshmen

Description: Wichita State University has a strategic enrollment management plan and campus-wide multi-pronged collaborative initiative (includes a student success course [first-year seminar], intrusive advising tools, supplemental instruction, tutoring services, and an early alert system [SEAS – Student Early Alert System]) aimed at supporting retention and graduation rates. Data collection will be based on Integrated Postsecondary Education Data System (IPEDS) definition of first-time/full-time freshmen where an undergraduate new student (≥ 12 hours) persists to the following fall semester and reported as a percent of the cohort of all IPEDS-based first-time/full-time freshmen. For AY 2020 the 2019 cohort will be measured and for AY 2021 the 2020 cohort.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Wichita State University Performance Report AY 2020

Result: MET - WSU's first to second year retention rate for this reporting cycle is two (2) percent higher than the baseline of 73.6% at 75.7%. Success coaches in each of the academic colleges support retention initiatives and use actionable data to intentionally intervene with students for whom the university is at risk of losing. Improvements were made in connecting students to personal development, social activities, and needed resources. Efforts were employed to bring together academic and student life leaders to plan and implement programming.

Institutional Indicator 6: Increase the number of undergraduate certificates and degrees awarded to first-generation students

Description: Wichita State University continues to experience an increase in the enrolled number of first-generation college students. The most recent data shows a difference in completion rates for first-generation population (38.9%) and continuing generation students (46.6%). Over the last year WSU has increased efforts to serve this student population to increase the graduation rates. A First-Generation Coordinating Council was created to inform our work and the (FGCC) was integrated into the university's Strategic Enrollment Management (SEM) plan. The committee has already made recommendations to scale much needed and used services, increased awareness of the population with faculty and staff, and made policy recommendations to support retention and completion. Data collected for this purpose will include the number of first-generation students (as identified by students at the time of application, that their parents or legal guardians have not been awarded a post-secondary degree) receiving certificates and undergraduate degrees by academic year.

Result: MET - WSU awarded 129 more certificates/degrees to first-generation students over the baseline of 858. This number continues to grow because of recruitment efforts to engage this population and university service expansion to support retention and graduation. Several offices and functional areas are coordinating efforts to create a campus culture of celebration, increase awareness of the needs, and elevate support services of first-generation students.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Summary of Fiscal Year 2022 Revised and 2023 Budget Request

I. General Use Appropriations:

- A. **SGF Appropriation:** Total funding from the State General Fund (SGF) of \$86,062,047 is requested for FY 2022 in accordance with the funding allocations adopted by the 2021 Legislature through House Bill 2007 and Senate Bill 159.

When excluding the base adjustment made for KPERS and unemployment insurance rate changes, as well as the \$1,711,424 one-time funding allocation related to the federal Maintenance of Effort issue, the base allocation represents a \$1,548,391 reduction from the 2020 Legislature's adopted budget for FY 2021. The specific allocations by budget unit outlined below are different from House Bill 2007 due to the university exercising the proviso allowing for the transfer between the four SGF budget units. These re-allocations were a result of restorations from the FY 2021 reduced resource package not being applied in the same proportion as the original FY 2021 budget adopted by the 2020 Legislature.

For FY 2023, the requested budget totals \$84,392,999, which matches to the base allocation provided by the Division of the Budget.

1. **SGF Operating Expenditures (1000-0003):** The budget request for FY 2022 totals \$69,207,847. This includes a \$173,103 base adjustment for changes in KPERS and unemployment insurance rates. In addition, this total includes a \$1,711,424 transfer from the Kansas Board of Regents' Post-Secondary Operating Grant allocated from new one-time funding in response to the federal Maintenance of Effort issue, which has limited purposes in which it can be used. Wichita State is budgeting to use the funding for student scholarships and reimbursement in relation to the natural gas winter event in FY 2021.

If the fringe benefit and Maintenance of Effort funding is removed, the base budget represents a \$1,202,591

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

reduction from the 2020 Legislature's adopted budget for FY 2021.

Please note that almost all of the SGF funding for Operations is budgeted to fund personnel costs at the university. Because of turnover, position assignments between SGF and the General Fees Fund often fluctuate. As a result, when analyzing expenditure and budgetary changes between different fiscal years, consideration should be given to comparing total General Use funding (State General Fund and the General Fees Fund).

2. **Technology Transfer Facility – Innovation (1000-0005):** Appropriation of \$1,959,700 in FY 2022 is a decrease of \$40,300 from the 2020 Legislature's adopted budget for FY 2021.
3. **Aviation Infrastructure – NCAT (1000-0010):** Appropriation of \$5,095,500 in FY 2022 represents a \$104,500 reduction from the 2020 Legislature's adopted budget for FY 2021.
4. **Aviation Research – KART (1000-0015):** Original appropriation of \$10,000,000 in FY 2021 by the 2020 Legislature declines to \$9,799,000 in FY 2022.

Wichita State University
FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

- B. **General Fees Fund (2112) Tuition Revenue:** Tuition revenue collections are dependent on enrollment (credit hours generated), type of students enrolled, and tuition rates. For FY 2022, the Kansas Board of Regents approved the request to not increase tuition rates (see table on following page). If enrollment targets for FY 2022 are met, the new rates will generate estimated tuition revenue of \$85.5 million, or \$4.1 million less than the FY 2021 actuals. Please note that in FY 2021, in accordance with allowable actions through the COVID Higher Education Emergency Relief Fund (HEERF), the university discharged tuition student debt accumulated during the pandemic, increasing tuition revenue collections in FY 2021 by approximately \$3.6 million more than had this action not been taken.

The FY 2022 budget includes the use of \$679,145 of the existing fund balance. In FY 2023 the budget includes a further reduction in the balance forward due to two capital related items. The first item is a transfer of \$885,427 to the Deferred Maintenance Support Fund (2489-2489), as directed by KBOR, in financial support of the new Capital Renewal Plan. The second item is a one-time cash contribution of \$1.6 million as part of the funding plan for the Marcus Welcome Center capital improvement project.

For FY 2023, revenue is budgeted at the same amount as FY 2022 based on flat credit hour production, while tuition rates for those years have not been approved by the Kansas Board of Regents. Please see Section III, Schedule A for additional detail.

**Wichita State University
FY 2022 Revised and FY 2023 Budget Request**

Section II: Budget Overview

| Approved Tuition Rates Comparison | | | | |
|---|----------------|----------------|----------------------|-----------------------|
| | FY 2021 | FY 2022 | Dollar Change | Percent Change |
| Undergraduate | | | | |
| Resident & Shocker City Partnership | \$228.09 | \$228.09 | \$0.00 | 0.0% |
| Shocker Select & Midwest Student Exchange | \$342.14 | \$342.14 | \$0.00 | 0.0% |
| Global Select | \$342.14 | \$342.14 | \$0.00 | 0.0% |
| Non-Resident | \$540.27 | \$540.27 | \$0.00 | 0.0% |
| Graduate | | | | |
| Resident & Shocker City Partnership | \$307.98 | \$307.98 | \$0.00 | 0.0% |
| Shocker Select & Midwest Student Exchange | \$461.98 | \$461.98 | \$0.00 | 0.0% |
| Global Select | \$461.98 | \$461.98 | \$0.00 | 0.0% |
| Non-Resident | \$756.38 | \$756.38 | \$0.00 | 0.0% |
| Shocker City Partnership rate applies to residents of the following counties in Colorado (Adams, Arapahoe, Broomfield, Clear Creek, Denver, Douglas, Elbert, Gilpin, Jefferson, Park), Illinois (Bond, Calhoun, Clinton, Jersey, Macoupin, Madison, Monroe, Saint Clair), Missouri (Andrew, Bates, Buchanan, Caldwell, Cass, Clay, Clinton, DeKalb, Franklin, Jackson, Jefferson, Lafayette, Lincoln, Platte, Ray, Saint Charles, Saint Louis, Saint Louis City, Warren), Oklahoma (Canadian, Cherokee, Cleveland, Creek, Grady, Lincoln, Logan, McClain, Muskogee, Oklahoma, Okmulgee, Osage, Pawnee, Payne, Pottawatomie, Rogers, Tulsa, Wagoner, Washington) and Texas (Atascosa, Austin, Bandera, Bastrop, Bell, Bexar, Brazoria, Caldwell, Chambers, Collin, Comal, Coryell, Dallas, Delta, Denton, Ellis, Falls, Fort Bend, Galveston, Guadalupe, Harris, Hays, Hood, Hunt, Johnson, Kaufman, Kendall, Lampasas, Liberty, McLennan, Medina, Montgomery, Parker, Rockwall, Somervell, Tarrant, Travis, Waller, Williamson, Wilson, Wise). | | | | |
| Shocker Select rate applies to students from Missouri, Oklahoma and Texas and excludes the Shocker City counties in Missouri, Oklahoma and Texas. | | | | |
| Midwest Student Exchange rate applies to students from the following states: Illinois, Indiana, Michigan, Minnesota, Nebraska, North Dakota, and Wisconsin (exclude Missouri entirely because Missouri students qualify for the Shocker Select and Shocker City rates and only Illinois students residing in Shocker City counties). The rate applies to most undergraduate and graduate programs in the University and excludes limited access programs. | | | | |
| Global Select rate applies to high-performing international students who meet the required conditions. | | | | |
| Online Majors – tuition is set at the resident tuition rate (undergraduate and graduate). | | | | |

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

- C. **Key General Use Budgetary Changes (Fund 1000 & 2112):** To continue to deliver educational, career, and life value to students who choose Wichita State, the university is dedicated to advancing its academic and research programs in coordination with the goals of the Strategic Plan. Because of the financial challenges that continue as a result of the pandemic, including both state funding and tuition revenue, the university has also made several difficult decisions to mitigate the overall impact on students and university operations. Consequently, the following key changes were made in the FY 2022 General Use (GU) budget:

Internal Reallocations/Budgetary Reductions

The university implemented a 3.0% GU budget reduction/reallocation totaling \$3.8 million for FY 2022. As a result of the reductions, benefits eligible GU funded positions declined by 52.22 to 1,307.32 FTEs. This represented the sixth straight year of GU budget reductions and reallocations totaling \$22.8 million.

Strategic Plan

- Increase GU institutional scholarship funding by \$1.0 million.
- Assigned \$221,013 for Promotions in Faculty Academic Rank and Tenure.
- Allocated a \$211,000 increase to the \$595,486 budgeted in FY 2021 to increase summer class offerings and implement summer revenue sharing with colleges.

Strategic Plan Goals

- **Student Centeredness:** *Promote holistic student success through a supportive learning environment in which all of our students - past, present and future - continually thrive and grow.*
- **Research and Scholarship:** *Accelerate the discovery, creation and transfer of new knowledge.*
- **Campus Culture:** *Empower students, faculty, staff and the greater Wichita community to create a culture and experience that meets their ever-changing needs.*
- **Inclusive Excellence:** *Be a campus that reflects and promotes - in all community members - the evolving diversity of society.*
- **Partnerships:** *Advance industry and community partnerships to provide quality educational opportunities and collaborations to satisfy rapidly evolving community and workforce needs.*

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

- Funding totaling \$538,065 in total was allocated to address Lecturer expenses in the College of Liberal Arts and Sciences and to properly align the budget in support of the Teacher Apprentice Program within the College of Applied Studies.

Basic Operations

- Includes additional funding of \$315,940 related to GU fringe benefit rate increases and \$342,000 in mandatory expenditures related to property and cyber insurance, enrollment services, and Woolsey Hall utility costs.
- Budgetary savings of \$542,301 are included from anticipated lease savings and the retirement of the Energy Conservation debt service, in which only a ½ payment is due in FY 2022.
- Restoration of one-time funding resources totaling \$2.1 million that were utilized in FY 2021 to mitigate the financial impact of the pandemic. These resources were generated by evaluating and then setting aside funding in FY 2020, to be used in FY 2021, from FY 2020 budgeted expenditures that would not occur (e.g., travel) due to the impact of the pandemic.

- II. **Compensation and Benefits:** This budget proposal does not include employee compensation increases in either FY 2022 or FY 2023. Changes to fringe benefit rates are presented in the table titled “Comparison of Fringe Benefit Rates Between FY 2021 through FY 2023,” as included within this document. The benefit rates included in this budget request are based on the budget instructions provided by the Kansas Division of the Budget and includes the recent KPERs and unemployment rate changes.
- III. **Debt Service:** Budget of \$9,105,626 in FY 2022 and \$11,955,831 in FY 2023. This includes new debt service in relation to the Convergence Sciences 2 Facility for Digital Transformation, which will house the National Institute for Research and Digital Transformation (NIRDT). This debt, along with the refinancing of Shocker Hall and the Rhatigan Student Center, was issued in July of 2021. FY 2023 includes debt service in relation to the remodeling of Clinton Hall,

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

which is currently anticipated to be issued in July of 2022.

- IV. **Capital Budget:** The capital budget request is submitted as approved by the Kansas Board of Regents. The largest projects include completion of the new business school - Woolsey Hall, the Convergence Sciences 2 Facility for Digital Transformation, remodeling of Clinton Hall, and rehabilitation and repair projects through the Educational Building Fund (EBF). As outlined in debt service, the Clinton Hall capital project is the only project requiring a new debt issue in FY 2023.
- V. **Employee Benefits Eligible FTEs:** The total FTE count remains consistent with the previous year's submission, changing from 2,222.15 FTEs (including Service Clearing) to 2,282.64 FTEs. The increase is fully attributable to changes in Restricted Use funding, in particular Research, while positions assigned to General Use funds (State General Fund and tuition) are budgeted to decline by 52.22 FTEs due to GU budget reductions and reallocations. Between the FY 2016 and FY 2022 budgets, positions supported with General Use funds have declined by 184.51 FTEs. For additional information, please see Section II, FTE Written Analysis.
- VI. **Maintenance of Effort Funding:** Of the two appropriations relevant to Wichita State, the Post-Secondary Operating Grant allocation of \$1,711,424 is budgeted in the SGF fund 1000-0003 as a transfer from the Kansas Board of Regents. The second allocation of \$2,128,000 for need-based aid is budgeted in a new Restricted Fees budget unit 2558-2040.
- VII. **Other Information:**
 - A. Several funds and budget units have been established to accommodate federal funding in relation to the national pandemic. Additional information can be found in Section III, Schedule B: Resource Estimate by Fund.
 - B. This budget request was prepared based on instructions provided by the Board of Regents and the Kansas Division of the Budget.

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

Institutional Support – 41000

The Institutional Support Program includes expenditures for central executive-level activities concerned with management and long-range planning for the entire institution. They include executive management, budgeting, legal services, fiscal operations, human resource management, support services to faculty and staff, postal services, internal audit, research compliance, communication services, and activities concerned with community and alumni relations.

Instructional Services – 42000

The Instruction Program includes activities that are part of the University's instruction component and includes, but is not limited to, the following colleges:

W. Frank Barton School of Business: The mission of the W. Frank Barton School is to prepare students for lifelong learning and success in the global marketplace, advance the knowledge and practice of business, and support economic growth through research, outreach and knowledge transfer. The school is organized into five academic departments (accounting; economics; finance, real estate and decision sciences; management; and marketing) and seven centers for outreach.

The School offers 10 majors at the undergraduate level (Accounting, Entrepreneurship, Economics, Finance, General Business, Human Resource Management, International Business, Management, Management Information Systems, and Marketing). The School also offers a real-estate emphasis in four of its majors (Economics, Entrepreneurship, Finance, and Marketing).

At the graduate level, the School offers a Master of Accountancy, Master of Arts (Economics), Master of Business Administration, Executive Master of Business Administration, Masters in Supply Chain Management, and Masters in HRM.

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

In addition to traditional face-to-face offerings, the Barton School offers two of its undergraduate majors (General Business and Management) in the online delivery mode.

All of the School's degree programs are accredited by AACSB, and the School's accounting program is also separately accredited by AACSB. Over the last five years, the school has awarded more than 1,800 bachelor's degrees and 300 master's degrees.

In addition to its academic programs, the Barton School's outreach activities provide training, analysis, research, and mentoring to area businesses. These activities are offered by seven centers housed in the Barton School: Center for Economic Development and Business Research, Institute for the Study of Economic Growth, Koch Global Trading Center, Center for Economic Education, Center for International Business Advancement, Center for Management Development, and the Center for Real Estate.

College of Engineering: Since 1928, the College of Engineering at Wichita State has built a reputation for equipping engineering and computing students with the most complete education possible. The college provides students access to state-of-the-art technology and high quality academic programs, while working to make sure that all students have access to experience-based learning opportunities where students do real engineering work.

The College of Engineering consists of six departments and offers Bachelor of Science (BS) degree programs in aerospace engineering, applied computing, biomedical engineering, computer engineering, computer science, electrical engineering, engineering technology, industrial engineering, product design and manufacturing engineering, and mechanical engineering. A Master of Science (MS) is offered in aerospace, biomedical, computer networking, computer science, electrical, industrial, and mechanical engineering. In addition, a Master of Engineering Management (MEM) is available. A Doctor of Philosophy (PhD) is offered in the areas of aerospace engineering, biomedical engineering electrical engineering and computer science, industrial engineering, and mechanical engineering. In addition, the college offers three minors,

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

twelve undergraduate certificates, and nine graduate certificates.

Fairmount College of Liberal Arts and Sciences: Fairmount College offers undergraduate majors in the liberal arts, natural sciences and mathematics, social and behavioral sciences, humanities, and programs of professional training. An education in these liberal arts disciplines helps students develop knowledge and appreciation of our physical and biological world, the arts and different cultures, and an awareness of civic responsibilities as well as professional preparation.

College of Applied Studies: The College is comprised of the following departments: Counseling, Educational Leadership, Educational and School Psychology (CLES), School of Education, Human Performance Studies (HPS), and Sport Management (SMGT).

The College of Applied Studies houses programs accredited by:

- The Kansas State Department of Education (KSDE)
- The Council for the Accreditation Educator Providers
- The National Association of School Psychologists
- The Commission on Accreditation of Athletic Training Education
- The Commission on Sport Management Accreditation
- The Council for the Accreditation of Counseling and Related Educational Programs – Counseling program is currently under review for initial accreditation from CACREP.

The college offers BA degree programs in teacher education, exercise science, sport management and athletic training, and a BAS degree in Workforce Leadership and Applied Learning.

The College of Applied Studies offers graduate programs leading to the:

- Master of Arts in Teaching (MAT)

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

- Master of Education (MEd) in:
 - counseling
 - educational leadership
 - educational psychology
 - exercise science
 - learning and instructional design
 - sport management
 - special education
- Specialist in Education (EdS) in school psychology
- Doctor of Education (EdD) in educational leadership

College of Fine Arts: The College at WSU is the only comprehensive College of Fine Arts in the State of Kansas. Majors in the College of Fine Arts range from those related to specific jobs and professions in the visual and performing arts to those leading to more general careers.

Major academic structures within the College include

- School of Art, Design, and Creative Industries - with programs in visual arts, art history, art education and graphic design
- School of Music - with programs in vocal and instrumental performance, music education, and music theory and composition
- School of Performing Arts – with programs in theatre, musical theatre, dance, and theatre technology and design
- School of Digital Arts - House the new cross-collaborative program in media arts, with programming focused on animation, game design, filmmaking, and audio production

Wichita State University

FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

Students are trained to professional standards in a professional context, mentored by outstanding world-renowned artists who work with them as directors, designers, conductors, coaches, and tutors. The college produces more than five hundred performances and presentations each year. This training produces accomplished artists, musicians, singers, actors, dancers, designers, educators, stage managers, and technicians. Some reach the very peak of their chosen professions to become household names. Others use their craft to bring performances or creations to make Kansas a more fulfilling place to live.

College of Health Professions: As one of Wichita State University's six degree-granting colleges, the College of Health Professions offers twenty-four health professions programs at the baccalaureate, master's, and doctoral degree levels. Characterized by innovative, relevant, interprofessional education, and a collaborative community of talented, committed faculty, staff, and students, the College offers high-tech simulation labs, patient-serving clinics, and unmatched community and health care industry partnerships applied learning experiences.

Graduate School: The Graduate School oversees all aspects of graduate study at the University, including establishment of standards for admission, graduate program quality, and recommends students who have completed requirements for graduation to the Kansas Board of Regents. In addition to its oversight responsibilities, the Graduate School takes a proactive role in the development of new programs, research experiences, and professional development training. In total, the Graduate School supports 12 doctoral programs (8 PhD programs + 4 professional doctoral degrees), one Specialist program, 48 master's programs, and 40 graduate certificate programs.

Academic Support – 43000

The Academic Support Program provides services for the institution's primary missions of instruction, research, and public service. It includes the retention, preservation, and display of educational materials (libraries, museums, and galleries); media (audio-visual services); information technology; academic administration (including academic deans but not

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

department chairpersons); personnel development; and support for course and curriculum development.

Student Services – 44000

The Student Services Program includes those services with the primary purpose of contributing to students' emotional and physical well-being and intellectual, cultural, and social development outside the context of the formal instruction program. Including within the program are health services, student activities, cultural events, student newspapers, intramural athletics, student organizations, intercollegiate athletics, admissions, registrar, counseling and career guidance, and student aid administration.

Research – 45000

The Research Program includes all expenditures for activities specifically organized to produce research, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution. Please see the section of this document titled, "Status of Research Activities" for additional information.

Public Service – 46000

The Public Service Program delivers services beneficial to individuals and groups external to the institution. These activities include community service programs, community education, conferences, institutes, general advisory services, reference bureaus, public broadcasting, consulting, community education, training grants, and other similar services to particular sectors of the community.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Program Overview

Student Aid – 47000

The Student Aid Program includes activities covering all forms of financial aid assistance such as scholarships, fellowships, and loans.

Auxiliary Enterprises – 48000

An auxiliary enterprise exists to furnish goods or services to students, faculty, or staff, and charges a fee directly related to, although not necessarily equal to, the cost of the goods or services. The distinguishing characteristic of an auxiliary enterprise is that it is managed as an essentially self-supporting activity. Examples are residence halls, food services, and parking.

Physical Plant – 96000

The Physical Plant Operations Program is responsible for the administration, supervision, operation, maintenance, preservation, and protection of the institution's physical plant. It includes expenses normally incurred for such items as janitorial and utility services; repairs and ordinary or normal alterations of buildings, furniture and equipment; care of grounds; maintenance and operation of buildings and other plant facilities; security; disaster preparedness; environmental safety; hazardous waste disposal; facility rental; facility planning and management; and central receiving.

Debt Service – 98000

The Debt Service Program includes expenditures for principal and interest payments for bond issues that are a direct obligation of the university.

Program Overview

Capital Improvements – 99000

The Capital Improvements Program includes estimates for capital projects as approved by the Kansas Board of Regent's in the university's five-year capital improvement plan. Please see the section of this document titled, "Capital Improvements and Deferred Maintenance Plan" for additional information.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

Ongoing Research at Wichita State University

Wichita State University is well positioned to act as a major driver of development in the state's largest metropolitan area. The strategic plan as approved by the Board of Regents includes the following core institutional mission:

The mission of Wichita State University is to be an essential educational, cultural and economic driver for Kansas and the greater public good.

The following narrative and charts present an overview of current and planned research activities at WSU in these specific areas:

- Highlights of Fiscal Year 2021 Research Activity
- Future Initiatives
- Use of Appropriations for Aviation Research at Wichita State University—Fiscal Years 2020 and 2021

Highlights of Fiscal Year 2021 Research Activity

WSU experienced a significant increase in the value and number of sponsored awards received during Fiscal Year 2021. For the fourth consecutive year, WSU awards exceeded \$100 million. In FY2021, WSU received a record breaking \$180.4 million in awards, a 10% increase from FY2020, primarily due to an increase in funding from the Department of Defense. The university continues to develop research activity in areas within its core competencies (aviation research, networking, cyber security, biology and chemistry) and in more recent areas such as biomedical research that teams aviation researchers with collaborators from the medical field.

Kapildeb Ambal, Assistant Professor, Physics, College of Liberal Arts & Sciences, received \$209,287 from the Natl Science Foundation for the project titled *R11 Track 4: Metrology and analysis of individual nanomagnet dynamics using quantum sensor-based nano-magnetometry*.

Krishna Krishnan, Professor, Industrial & Manufacturing Eng, College of Engineering, received \$200,000 from the Spirit Aerosystems INC for the project titled *Industrial Engineering Services for Spirit Aerosystems*.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

According to the National Science Foundation’s Higher Education Research and Development Survey, WSU ranks fourth in aeronautical engineering research and development expenditures for FY 2019, with a total of \$105 million. When these numbers are broken down by funding source, WSU ranks first in industry-funded aeronautical engineering research and development (R&D) expenditures in the United States with a total of \$74 million.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

Future Initiatives

Growth of the technology sectors in Wichita can be promoted by concentration on four themes:

- Increase the efficiency of current industry; help them broaden their markets using their core technologies; and support aggregation of their supply chains in the Wichita region. The proposals below will allow WSU to enhance its support for existing industry.
- Encourage relocation to Wichita of other enterprises that can take advantage of the expertise associated with the current aircraft sector. This would include recruitment of enterprises from other states and countries. The proposal below expands the university's capacities to assist the chamber, city, county, and state in recruiting these businesses.
- Encourage expansion or relocation of business, military, or other entities in non-aviation technology sectors. Entities in such sectors as software and software security; advanced medical manufacturing; high-end animation; or informatics could be supported by the proposals listed below.
- Encourage and support the development of new small businesses in various technology fields. National data shows that at least 70 percent of new jobs will be created in new businesses. Supporting technology transfer; helping bring ideas from inventors to market; and incubating new technology-based enterprises can have significant impact on the future economy of the metropolitan region and state.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

Use of Appropriations for Aviation Research at Wichita State University

Review of Fiscal Year 2021 Aviation Research Grant

The Kansas Aviation Research & Technology (KART) Growth Initiative uses funds provided by the Kansas legislature with the goal of strengthening a variety of aircraft industry technologies and marketing them to other areas outside the state of Kansas and the United States. The Kansas Aviation Research & Technology Growth Initiative will help retain and grow the aviation cluster in Kansas and help Kansas aviation companies remain competitive throughout the 21st century.

In order to maintain a focus on the needs of the aviation industry in Kansas and address the requirements necessary for economic growth, this program is executed by members of the aviation industry. An industrial executive committee has been formed and comprised of membership from the four large aviation companies in Wichita (Airbus, Bombardier Learjet, Spirit AeroSystems and Textron Aviation). The program is focused on two major areas: (1) advanced research projects directed towards reducing cycle time-to-market, reducing manufacturing costs, enhancing quality and safety for improved competitiveness, and retaining and (2) creating jobs in Kansas and infrastructure improvements at the National Institute for Aviation Research (NIAR) to enable research and technology advances within the research and development environment.

Based on the funding provided and approved by the Kansas legislature, projects were selected to address specific areas of need within the local aviation industry with focus on reducing cycle time-to-market, reducing manufacturing costs, enhancing quality and safety for improved competitiveness, and retaining and creating jobs in Kansas. In addition, funding was allocated for specific infrastructure upgrades and equipment needed to enable research and technology advances within the research and development environment and to ensure NIAR maintains a leadership role within the future 21st century aviation research centers.

The program budget requires a 1:1 match, with matching funds being generated from industry, university and/or philanthropy. Each project is matched with funds that are similar in nature to the projected funding by the State of Kansas. For example, a project dealing with the research of composite materials is matched with a similar project funded by the

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

private sector. Similarly, an infrastructure project is matched by like infrastructure funding from university or philanthropy funding. As shown on the following table, the 1:1 match requirement was far exceeded.

| Category | FY 2021 State Funds | FY 2021 Industry (expended to-date) | FY 2021 Federal (expended to-date) |
|---|------------------------------|---|--|
| Industry Research Programs, Infrastructure and Equipment | <i>\$10.0 Million</i> | <i>\$60.0 Million</i> | <i>\$ 65.8 Million</i> |

Fiscal Year 2022 Aviation Research Appropriation from the State of Kansas

In May 2021, the KART executive committee met to begin designing the FY 2022 program. Tasked with maintaining a focus on the needs of the aviation industry in Kansas and addressing the requirements necessary for economic growth, the executive committee communicates industry needs and recommends projects for research and for technology transfer into commercialization endeavors, establishes budgets for new projects, evaluates existing projects to determine whether to continue, re-direct, or terminate them, and prioritizes proposed projects for future consideration. Additional projects are defined by the industry board throughout the fiscal year to support immediate research needs.

Request for Legislative Action—Request to Carry Forward Funds into Fiscal Year 2022

Wichita State University's FY 2022 funding for the aviation research initiative will come to the university as an appropriation from the State General Fund (SGF). The amount of the appropriation in FY 2021 was \$9,998,646 and was cut to \$9,799,000 in FY 2022. **It is extremely important to have unexpended funds re-allocated to the following year (FY 2023) in order to cover project expenses that have not cleared the State system by the end of FY 2022.**

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

Use of Appropriations for Aviation Infrastructure at the National Center for Aviation Training (NCAT)

Aviation infrastructure funding has facilitated the growth of aviation-related training programs offered at the National Center for Aviation Training (NCAT) in Wichita. These programs are implemented by Wichita State University's College of Applied Sciences and Technology (WSU Tech). Funding received from the state assisted the college in purchasing equipment and providing instructional training as it creates a world-class training facility for the aviation industry.

Each program year, the industry's most pressing training and workforce development needs are identified by industry representatives from program advisory boards, as well as industry senior leadership team members, and matched to existing expertise within Kansas, to offer unique training opportunities within the aerospace cluster in Kansas. The equipment and training funded via this program will be selected from industry input in collaboration with college administration; which includes the President of WSU Tech, the Senior VP for Industry and Defense Programs, Executive Director of the NIAR of WSU, and the Executive Director of Government Relations, Board of Trustees, Wichita State Innovation Alliance and Operations of WSU. Each equipment and training purchase will be selected with a budget and tied to definitive training deliverables to increase competitiveness within Kansas. WSU and WSU Tech work closely with industry representatives who serve as points of contact and monitor the progress of the expenditures, along with the link to the training opportunities for the aerospace cluster. WSU will provide a summary report each year which details expenditures made as part of this program to the board and legislature. WSU as an institution is committed to the success of this facility. Classes and laboratories from NIAR were relocated to the NCAT facility and we will continue to explore opportunities to provide support to the aviation industry through this unique campus.

Request for Legislative Action: The Legislature appropriated \$5.2 million in FY 2021 and funding in FY 2022 totals \$5,095,500. **It is extremely important to have unexpended funds re-allocated to the following year (FY 2023) in order to cover project expenses that have not cleared the state system by the end of FY 2022.**

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

Status of Research Activities and Future Initiatives

Use of Appropriations for the Innovation Campus

WSU is developing a 21st century technology campus that weaves together in one site, university research, technology transfer, graduate and undergraduate education and new business innovation and entrepreneurship. These facilities are part of the master plan to house both institutional business spin-outs and technology-based businesses that benefit from colocation with institutional technical and business faculty. The facilities will provide flexible spaces for “thinking, making and doing.” It will have lease spaces for venture firms, plus traditional office and classroom space to accommodate faculty and student learning curriculums.

The mission of the Innovation Campus is to provide a venue for researchers and technologists from private enterprise to work closely with faculty and students from WSU to create and deploy globally competitive technologies in critical areas related to aerospace, bio-medical engineering, software and software engineering, and human factors psychology. A primary purpose of Innovation Campus is to expand the economic base of the Wichita metropolitan area through economic diversification and new business formation. The Innovation Campus also will house the Barton School of Business, with its nationally renowned entrepreneurship program and the experiential engineering laboratories of WSU’s College of Engineering. Over time, it is expected that additional academic research facilities will also be located on this campus.

The Innovation Campus is primarily located to the east of the current campus. The funds are used to establish and support the organizational structure of the Innovation Campus focused specifically on working with established businesses in the Wichita region to promote and develop joint research and support, expanding capacities to support entrepreneurial development of technology-based businesses through new business spin-outs, licensing intellectual property, and supporting external entrepreneurs. For FY 2021 the Legislature appropriated \$2.0 million, followed by \$1,959,700 in FY 2022. **It is extremely important to have any unexpended funds re-allocated the following year (FY 2023) in order to cover project expenses that have not cleared the State system by the end of the closing fiscal year (FY 2022).**

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

Wichita State University's College of Engineering has met the goal of the University Engineering Initiative Act a year ahead of schedule. As seen in Table 1, enrollment has risen to a high of 2,337 in Fall 2019, a 64% increase since 2008. Enrollment dipped slightly to 2,226 in Fall 2020 due to COVID-19, but still represents a 56% increase over 2008. The number of graduates hit a new record at 380 in AY 2020, a 113% increase over 2008, as shown in Table 2. These numbers show Wichita State continues to growing the number of graduates equipped with skillset, mindset, and experience to advance economic and technological prosperity, health, and well-being in Kansas.

¹ Degrees awarded by academic year (Summer-Fall-Spring)

Engineering Student Success Center

The Engineering Student Success Center supports the faculty in the attainment of enrollment, retention and graduation goals by creating and coordinating college-wide initiatives that support student and lifelong success. In total, the ESSC includes nine education professionals (8 full-time + 1 part-time) working on student engagement, retention, and recruitment. Specifically, the ESSC houses K-12 outreach and summer camps, high school and community college recruitment, scholarship programs, diversity initiatives to increase and retain underrepresented students, advising for undecided

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

engineering majors and transfer students, retention programs and student coaching.

Recruitment and Outreach

The Engineering Student Success Center currently employs three people working on recruitment: a full-time Director of Broadening Participation in Engineering and Recruitment, a full-time Engineering Coordinator in Wichita and a part-time recruiter in Kansas City. Together during AY2020, recruiting staff attended 68 college fairs, admissions and outreach events, made 77 high school and community college visits, met with 70 prospective undecided and transfer students on campus and hosted 13 group visits on campus.

An emphasis was placed on recruitment along the I-35 corridor. This includes cities in Oklahoma where we offer in-state tuition, making Wichita State competitive with Oklahoma state universities. In Fall 2020, we had 20 new students from Oklahoma and 27 from Texas. During AY2020, WSU also enrolled 367 unique high school students as concurrent students, who received college credit through their Project Lead The Way (PLTW) courses. (This number is pre-COVID-19 drop, we had 81 students drop their concurrent enrollment class due to COVID-19 related reasons.) PLTW is a pre-engineering curriculum being implemented in 252 schools statewide during AY2020. This included 63 students from Oklahoma PLTW high schools.

The Engineering Student Success Center also offers a broad array of K-12 outreach programs aimed at increasing the number of domestic students pursuing engineering degrees and more specifically, students from groups under-represented in engineering. These outreach programs are focused on two objectives: increasing interest and aptitude in STEM subjects among elementary, middle and high school students and persuading them to pursue engineering degrees:

- **Science and Engineering Educational Development for Students (SEEDS)**, a K12 outreach program that employs eight WSU engineering and computer science students in promoting engineering through hands-on science activities during the academic year. SEEDS typically presents at 200 events a year, reaching 2,000 students. These numbers were reduced in AY2020 due to COVID-19, as university students were sent home and K12 students went

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

to remote schooling. Still, during AY2020 SEEDS participated in more than 120 events, hosting Saturday STEM workshops, assisting a robotics team and leading a math club for African American middle schoolers, supporting an in-school arts and engineering project called Generation STEAM, presenting at school science nights, and teaching children to code using Scratch. Through a program first piloted in AY2016-17, SEEDS instructors visited six elementary schools three times each to teach 200 children to code in Scratch, bringing the total reached through the program to 800.

- **Engineering Summer Camps**, offered annually to 2nd-12th graders. Typically, 16-20 camps a year are offered, drawing 300 to 450 enrollments. While 18 camps were planned for summer 2020 – including four to be offered free to high school students through scholarships sponsored by AT&T – camps were cancelled due to COVID-19. Typically 100 children attend on scholarships provided to underrepresented students, ie. female, Hispanic, African American and “first-generation” students.
- **Shocker MINSDTORMS**, a robotics competition for 3rd-8th graders. During the 2019-2020 academic year, 28 teams with 310 students participated. The event was held in March, immediately before COVID-19 shutdowns.
- **Kansas BEST (Boosting Engineering, Science and Technology)**, a robotics competition for 9th-12th graders. This year we had 13 teams with 155 students competing, half as many teams and a third as many students as last year due to COVID-19. However, we were still able to host the event by shifting from an in-person competition that spanned six weeks to a 10-week event that was completely virtual.

Student Retention and Graduation

The College of Engineering is also employing a number of strategies to boost retention by establishing a community that helps students to graduate:

- **Great Expectations: Engineering Kansas Scholars (GEEKS)**, a free drop-in tutoring service that is typically open 62 hours per week when school is in session. On average, there are 12-15 GEEKS peer tutors who provide tutoring in 50-70 engineering and computer science courses. Each GEEKS tutor is certified to tutor in specific courses based on his/her academic background in order to assure the highest quality of support. From August 2019 through March

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

2020, GEEKS recorded 4,346 visits to the tutoring center. In March 2020, Wichita State moved all instruction and most university services to an online/remote format as a result of the COVID-19 pandemic. GEEKS made a quick pivot to move all of its tutoring services to a virtual environment using the Zoom video conferencing platform. Due to the unique nature of the situation, usage data is unavailable for March through May 2020, but through the swift and nimble response of the GEEKS team, tutoring services continued to be provided through the end of the academic year.

- **Navigate** allows us to combine technology and best practice research in analyzing data to improve retention and graduation rates within the CoE. Campaigns target students with downward trending GPAs, with enrollment in critical engineering courses, and those who may be at risk of not persisting to graduation based on key identifiers (first-generation, low test scores, multiple repeated courses, etc.) Students are connected through their academic and faculty advisors to resources within the college and university to help improve academic student success. Twenty-one faculty, all five academic advisors, three student engagement staff and a success coach utilize this tool, a dramatic increase since 2017 when only one staff person used it.
- **Engineering Living Learning Community (E-LLC)** offered nearly 100 College of Engineering freshmen a place to live together on one of three floors, sharing a common engineering co-curriculum and academic experiences in a collaborative, supportive environment. Engineering students who live in an LLC have increased access to tutoring services, leadership opportunities, and industry professionals through LLC-specific programming. In AY2020, the Women in Engineering (WiE) LLC served 15 female students and the two Engineering LLCs served 79 students, for a combined total of 94 students.
- **ACE Mentoring**, was offered for the fourth time during the Fall 2019 semester with continued success. In ACE, upper-division students mentor incoming freshmen and transfer College of Engineering majors. ACE mentors meet with their mentees at least once per month, and mentees attend social activities and academic workshops during the semester. During the Fall 2019 semester, 85 new students were mentored by 39 upper-division mentors from various majors throughout the college, and 72% were retained to the Fall 2020 semester.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

Diversity Initiatives

AY2020 marked the second year of Wichita State's participation in a five-year grant intended to increase enrollment of students underrepresented in STEM fields: females, Hispanic, African Americans. We were awarded \$813,000 to increase enrollment and retention of under-represented students from the National Science Foundation (NSF) Kansas Louis Stokes Alliances for Minority Participation (KS-LSAMP). The funds are part of a larger \$3 million, five-year grant awarded to Kansas State University, which is sharing grant funds with a statewide coalition of universities and community colleges. This money again paid for Shocker Engineering Academy (SEA), a "bridge" program for URM students, prior to their first semester, mentors to support them during their college experience and undergraduate research opportunities. Eighteen students participated, including four females and 14 males. Among this group were nine African American, eight Hispanic and one Native American students. In the week before school began, SEA engaged in academic enrichment sessions, social events and a hands-on activity -- modifying ride-on cars for children with disabilities.

The Engineering Student Success Center also promoted diversity in AY2020 by hosting a series of student celebrations recognizing our Hispanic, African American, Female, LGBTQ populations, as well as First Generation students and veterans.

Transfer Student Recruitment

The College of Engineering has developed efforts targeted at increasing the number of students coming from community colleges. To this end, during AY2020 Wichita State continued to negotiate and sign new articulation agreements community and technical colleges, providing pathways for students to transfer their first two years of course work in the pursuit of an engineering degree they can complete at Wichita State. New agreements were signed with Butler County and Cowley County community colleges, allowing students to pursue aerospace and applied computing degrees at those respective colleges and finish at Wichita State. These are in addition to existing articulation agreements with Butler County Community College, Cowley County Community College, Pratt Community College, Sterling Community College and

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

WSU Tech.

Cooperative Education

A significant indicator that the WSU College of Engineering is already meeting the demand of Kansas employers for engineers is the successful Cooperative Education program, which places students with Kansas and U.S. Employers. For the AY 2020, 421 Engineering students worked at 112 different employers. Out of the 421 students, 395 (93.8%) worked in Co-op or Internship experience with 86 Kansas firms.

Growth of New Programs

- **Biomedical Engineering** - The Biomedical Engineering program was created after, and in response to, the passage of the UEIA. The program started as Bioengineering, but changed its name to Biomedical Engineering in 2014, which better reflects the content of the program and better attracts quality students. The program integrates physical, chemical, mathematical sciences, and engineering principles for the study of biology, medicine, behavior, or health. Biomedical engineering advances fundamental concepts and develops materials, processes, implants, devices, and informatics approaches for the prevention, diagnosis, and treatment of diseases for patient rehabilitation and improved health. The program has attracted a diverse body of students, many of whom would otherwise have chosen a non-engineering discipline and has grown steadily and significantly in enrollment. Fall semester enrollments have increased from 60 in 2011 to 190 in Fall 2020. The WSU College of Engineering granted 40 bachelor's degrees in BME in AY2020 for a total of 205 to date. Bolstered by this success, a master's program began in January 2017 with 17 students enrolled in this graduate program for Fall 2020. A proposal for a PhD program was granted by the Kansas Board of Regents in January 2020. This fall, two PhD students are enrolled in the program.
- **Engineering Technology** - Engineering Technology, created after and in response to the passage of the UEIA, is a hands-on program based upon engineering, technology, and practical design principles incorporating innovation and entrepreneurship needed to equip students for careers in engineering and technology areas. The

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

BS in Engineering Technology at WSU offers four areas of concentration: a) civil engineering technology, b) engineering technology management, c) mechatronics technology, and d) facilities management, a new concentration launched in Fall 2019 in response to local industry demand. The ET program is seeing steady growth from 23 students in its inaugural semester of Fall 2013 to 111 in Fall 2020. To date, the ET program has had 126 total graduates.

- **Applied Computing** - Applied Computing, created after and in response to the passage of the UEIA, is a flexible program that focuses on developing applied computing skills. With a focus on experiential learning, students will prepare for careers in computer analytics, cybersecurity, data analysis, game development and social media applications. The program launched in 2019 with 39 students in Fall 2019 and has grown to 75 students in Fall 2020. The program expects its first graduate in Fall 2021 or Spring 2022.

Industry Partnerships

The Wichita State College of Engineering engages business and industry on multiple levels, including the aforementioned Cooperative Education program that supplied 395 engineering students to 86 Kansas companies during AY2020. Additionally, several industry partners occupy buildings on our Innovation Campus. These include: Airbus Americas, Spirit AeroSystems, Textron Aviation, NetApp, Dassault Systemes, Hexagon, Deloitte and Martin Defense Group. Prior to COVID-19, our industry colleagues regularly joined us for social and professional gatherings – we are all focused on creating interaction between academics and industry professionals to spur innovation can occur.

Summary of UEIA expenditures

- **Faculty** - WSU's College of Engineering is in a period of expansion of its faculty to support a rapidly increasing number of undergraduate students. It has grown from 43 faculty members during Fall 2012 to 83 during Fall 2020. The college also has plans to hire at least three more in the 2020 academic year. UEIA funds are used to support startup packages aimed at enhancing the effectiveness of tenure-track faculty, and UEIA matching funds are used to cover several faculty salaries. These additional hires have allowed the college to offer new programs and courses.

Wichita State University FY 2022 Revised and FY 2023 Budget Request

Section II: Budget Overview

University Engineering Initiative Act

- **Staff** - During 2019-20, UEIA paid for six staff members supporting the Engineering Student Success Center and college laboratories. Funds were also used to pay teaching support staff.
- **Engineering Student Success Center (ESSC) Operations** - UEIA funds are used for ESSC operations, described in above. These operations focus on outreach, recruitment and retention of students.
- **Experiential Engineering Building and Partnership 2 Building** - UEIA funds are being applied to debt payments for the new John Bardo Center, formerly known as the Experiential Engineering Building. The building, which opened in January 2017, is a project-based experiential learning environment for bringing engineering fundamentals to life and supporting an integration of engineering and entrepreneurial education. Funds were also used to expand and better equip the college's Project Innovation Hub, a teaching makerspace type lab available to all students in the college, in the John Bardo Center.

FY 2022 Revised and FY 2023 Budget Request

FTE Written Analysis

| FTE by Program | | | |
|-----------------------------------|-----------------|-----------------|--------------|
| Program | FY 21 FTE | FY 22 FTE | Change |
| 41000 - Institutional Support | 159.16 | 145.40 | (13.76) |
| 42000 - Instruction | 732.93 | 713.25 | (19.68) |
| 43000 - Academic Support | 267.24 | 261.89 | (5.35) |
| 44000 - Student Services | 257.22 | 264.47 | 7.25 |
| 45000 - Research | 336.82 | 451.85 | 115.03 |
| 46000 - Public Service | 177.78 | 169.82 | (7.96) |
| 48000 - Auxiliary Enterprises | 34.00 | 33.62 | (0.38) |
| 96000 - Physical Plant Operations | 241.00 | 226.84 | (14.16) |
| 97000 - Service Clearing | 13.00 | 14.50 | 1.50 |
| 21660 - CARES/Covid | 3.00 | 1.00 | (2.00) |
| TOTAL | 2,222.15 | 2,282.64 | 62.49 |

* Please note, the Service Clearing Program is not included in the state budget submission.

Wichita State University's total FTE count fluctuated from 2,222.15 FTEs in FY 2021 to 2,282.64 FTEs for FY 2022. The fluctuations, as outlined below, result from a combination of new positions related to enhancing existing operations, new restricted use funding resources from grants, research, and other initiatives, as well as reductions in FTEs to address reallocations and budget reductions. General Use FTEs declined by 52.22 FTEs, while Restricted Use FTEs increased by 112.78 FTEs. Total FTEs for FY 2022 are budgeted to grow by 60.49 FTEs.

- **Institutional Support (41000):** This program decreased by 13.76 FTEs, with the largest decreases occurring in Executive Management by 6.56 FTEs and Fiscal Operations declining by 4.20 FTEs.

- **Instruction (42000):** 19.68 FTEs were eliminated from the Instruction program primarily as a result of the university's General Use budget reduction of 3.0%, bringing the total FTE count to 713.25 FTEs, compared to 732.93 FTEs in FY 2021.
- **Academic Support (43000):** 5.35 FTEs were removed from the budget for FY 2022, with all the positions residing in Academic Administration.

Wichita State University
FY 2022 Revised and FY 2023 Budget Request

FTE Written Analysis

- **Student Services (44000):** Overall this program grew by 7.25 FTEs in FY 2022, all from Restricted Use funding resources.
- **Research (45000):** Total FTE counts in Research increased by 115.03 to 451.85 FTEs in FY 2022 within Restricted Use funds. As evidenced by the growth in FTEs, the university's research efforts continue to experience substantial growth.
- **Public Service (46000):** Public Service declined by 7.96 FTEs, with all of the position reductions included within Community Education.
- **Auxiliary Enterprises (48000):** In total, 0.38 FTEs were removed from the budget within this program.
- **Physical Plant Operations (96000):** For FY 2022, 14.16 FTEs were eliminated due to GU budget reallocations, bringing the total FTE count to 226.84.
- **Service Clearing (97000):** Service Clearing's FTE count grew by 1.50 FTEs to 14.50 FTEs. These positions are considered off-budget, and are not included in the state budget submission.
- **CARES/Covid (21660):** 1.0 FTE is currently funded through federal Covid funds and assigned to student health services for FY 2022.

| <i>Note:</i> (1) There is a delay in obtaining research funding from the Federal government. WSU is continually working to expedite billings in order to minimize the negative cash forward balances. (2) Increase in nonreportable expenditures for FY 2022 is the result of revenue related to 3149-3405 (Federal CRF County) being incorrectly deposited in this budget unit. Consequently, the budget includes a transfer from 3149-3140 to 3149-3405 in the amount of \$3,999,997 to correct the revenue assignment. | | | | | | | |

Section III - Division of Budget Forms

Schedule B: Resource Estimate by Fund

State General Fund – Technology Transfer Facility – Innovation (1000-0005)

Beginning in FY 2015, the legislature appropriated funds to assist in the development of the Innovation Campus. For FY 2022 the Legislature appropriated \$1,995,400, but this amount did not reflect a correct proportional restoration of the reduced resource package. Consequently, the university has used the proviso authority within the appropriations bill to adjust this amount to \$1,959,700.

2021 Legislation: HB 2007, Section 113.

State General Fund – Aviation Infrastructure – NCAT (1000-0010)

Beginning in FY 2009, the legislature appropriated funding for the then Wichita Area Technical College (WATC)/National Center for Aviation Training (NCAT), which flowed through Wichita State University. WATC has since become affiliated with the university and is now WSU Tech. This state funding continues to flow through WSU and is used to assist WSU Tech in purchasing equipment and instructional resources for the National Center for Aviation Training (NCAT). For FY 2022 the Legislature appropriated \$4,809,450, but this amount did not reflect a correct proportional restoration of the reduced resource package. Consequently, the university has used the proviso authority within the appropriations bill to adjust this amount to \$5,095,500.

2021 Legislation: HB 2007, Section 113.

State General Fund - Aviation Research – KART (1000-0015)

Beginning in FY 2004, at the request of the Kansas aviation industry, the Legislature began appropriating funds to the National Institute for Aviation Research (NIAR) for research on aviation projects identified by the industry. Funding for fiscal years 2006 and 2007 came from the State General Fund. Funding for FY 2008 through FY 2011 came from the Economic Development Initiatives Fund. Funding for FY 2012 did not come from the SEDIF fund, but came through the Kansas Department of Commerce as an aviation research grant. In FY 2016, the Legislature again appropriated funding from the State General Fund. For FY 2022 the Legislature appropriated \$9,448,500, but this amount did not reflect a correct proportional restoration of the reduced resource package. Consequently, the university has used the proviso authority within the appropriations bill to adjust this amount to \$9,799,000.

2021 Legislation: HB 2007, Section 113.

General Fees Fund (2112)

As outlined in Schedule A, the General Fees Fund represents where all tuition fees are collected and deposited. Revenue collections are based on the combination of headcount, enrolled credit hours, mix of students, and tuition rates. For FY 2022, the Kansas Board of Regents approved the university's request to not increase tuition rates for students (undergraduate and graduate, resident and non-resident). If enrollment targets for FY 2022 are met, the new rates will generate estimated tuition revenue of \$85.5 million,

**NARRATIVE INFORMATION – DA 405
DIVISION OF THE BUDGET
STATE OF KANSAS**

**AGENCY NAME: WICHITA STATE UNIVERSITY
AGENCY NUMBER: 715**

or \$4.1 million less than the FY 2021 actuals. Please note that in FY 2021, in accordance with allowable actions through the COVID Higher Education Emergency Relief Fund (HEERF), the university discharged tuition student debt accumulated during the pandemic, increasing actual tuition revenue collections in FY 2021 by approximately \$3.6 million more than had this action not been taken.

The FY 2022 budget was built to utilize \$679,145 of the existing fund balance. In FY 2023 the budget includes a further reduction in the balance forward due to two capital related items. The first item is a transfer of \$885,427 to the Deferred Maintenance Support Fund (2489-2489), as directed by KBOR, in financial support of the new Capital Renewal Plan. The second item is a one-time contribution of \$1.6 million in cash as part of the funding plan for the Marcus Welcome Center capital improvement project.

For FY 2023, revenue is budgeted at the same amount as FY 2022 based on flat credit hour production, while tuition rates for those years have not been approved by the Kansas Board of Regents. Please see Section III, Schedule A for additional detail.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$12,524,213. Balance is held for cash flow management purposes and supports general use expenditures as revenue collections fluctuate throughout the fiscal year.

Kan-Grow Engineering Fund – WSU (2155-2155)

Beginning in FY 2013, the Legislature appropriated funding for the University Engineering Initiative Act (KSA 74-8768) with the goal of increasing engineering graduates. The funding is appropriated to the Department of Commerce and flows to the Kan-Grow Engineering Funds established for WSU, KU, and KSU. During the 2021 legislative session, the program was extended from its original ending in FY 2022 to FY 2032. Funding is appropriated at \$3.5 million for each university and the universities are required to match this funding on a \$1 for \$1 basis from non-state sources.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$105,743

**NARRATIVE INFORMATION – DA 405
DIVISION OF THE BUDGET
STATE OF KANSAS**

**AGENCY NAME: WICHITA STATE UNIVERSITY
AGENCY NUMBER: 715**

Faculty of Distinction Matching Fund (2477-2400)

The Kansas Partnership for Faculty of Distinction Program was established to encourage gifts by private donors to enhance the ability of state educational institutions to attract and maintain faculty of distinction. Under the Kansas Partnership for Faculty of Distinction Program, the state shall contribute income earnings equivalent awards in accordance with provisions of KSA 76-774 and 775. The earnings equivalent award for an endowed professorship for a twelve-month period shall be determined by the Director of Accounts and Reports and shall be the amount of interest earnings that the amount credited to the endowed professorship account of the endowment association would have earned at the average monthly net earnings rate of the Pooled Money Investment Board portfolio for such preceding twelve-month period. Interest earnings from the State of Kansas are transferred to the Faculty of Distinction Matching Fund for Wichita State University. All expenditures from the Fund shall be for one or more endowed professorships to supplement salary and to provide additional operating support for assistance, travel, equipment, or other expenses of the endowed professorships. The FY 2022 budgeted revenue reflects the actual state match of \$23,595, representing a significant reduction from the \$327,999 state match in FY 2021. Because of uncertainty with investment returns, the same amount of revenue is included in the budget for FY 2023.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$266,282. Balance occurs due to timing in the hiring of faculty and turnover.

Deferred Maintenance Support Fund (2489-2489)

During the 2006 Legislative Session, legislation was passed allowing interest earnings on selected accounts to be deposited to the credit of each Regents University for use on deferred maintenance projects. The interest earnings are transferred in from the General Fees Fund (2112-2000), Sponsored Research Overhead (2908-2080), and the Restricted Fees Fund (2558-2030). Earnings did not accrue until FY 2008. The FY 2022 and FY 2023 revenue estimate are based partially on the FY 2021 actual receipts, as well expectations of investment income growing in future years as interest rates grow. WSU has developed a five-year plan for deferred maintenance and rehabilitation projects of buildings and facilities, incorporating this revenue into the plan. The timing and bidding of projects may be postponed until funds accrue to a sufficient amount to be able to award a construction contract.

In FY 2023 the budget includes a transfer of \$885,427 from the General Fees Fund (2112-2000), as directed by KBOR in financial support of the new Capital Renewal Plan.

2021 Legislation: HB 2007, Section 162.

Balance Forward on June 30, 2021: \$1,076,482. Balances will fluctuation between fiscal years due to both building sufficient funds to fund planned projects, as well as the timing of the capital expenditures.

Kansas Career Work-Study Program Fund (2536-2020)

The Kansas Career Work-Study Program is funded by the state and used to pay salaries for students in service-related employment. The FY 2022 revenue estimate is based on actual receipts in FY 2020 and FY 2021. Projected revenue for FY 2023 is consistent with FY 2022. The funding is transferred from the Kansas Board of Regents.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$25,715

**NARRATIVE INFORMATION – DA 405
DIVISION OF THE BUDGET
STATE OF KANSAS**

**AGENCY NAME: WICHITA STATE UNIVERSITY
AGENCY NUMBER: 715**

Restricted Fees Fund (2558)

This fund includes fees charged for student activities, equipment fees, course fees, program fees, student fees, library fines, student health center fees, gifts, grants, contract work, etc. The collected fees fund salaries of full and part-time employees in the respective university departments, as well as operating costs.

Through appropriation proviso, limitations are placed on the use of collected revenues within this fund as follows: Provided, That restricted fees shall be limited to receipts for the following accounts: Summer school workshops; technology equipment; concert course, dramatics, continuing education; flight training; gifts and grants (for teaching, research, and capital improvements); testing service, state department of education (vocational); investment income from bequests; sale of surplus books and art objects; public service, veterans counseling and educational benefits; sponsored research, student fees; student activities; Perkins Loan, Pell Grants, engineering equipment fee; Midwestern student exchange, departmental receipts - for all sales, refunds and other collections or receipts not specifically enumerated above: Provided however, That the state board of regents, with the approval of the state finance council acting on this matter which is hereby characterized as a matter of legislative delegation and subject to the guidelines prescribed in sub-section (c) of K.S.A. 75-3711c and amendments thereto, may amend or change this list of restricted fees: Provided further, that all restricted fees shall be deposited to the credit of the appropriate account of the restricted fees fund and shall be used solely for the specific purpose or purposes for which collected: and provided further that expenditures may be made from this fund to purchase insurance for equipment purchased through research and training grants only if such grants include money for and authorize the purchase of such insurance: And provided further, That expenditures from this fund may be made for the purchase of medical malpractice liability coverage for individuals employed on the medical staff at the student health center: And provided further, That expenditures may be made from this fund for official hospitality.

Revenue estimates for FY 2022 and FY 2023 are based on actual FY 2021 revenues and adjusted for changes in fee rates and anticipated usage changes. The new budget unit 2040 is established in support of the \$2,128,000 in state need-based aid as part of the state maintenance of effort allocation for FY 2022.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$55,958,801. According to the appropriations proviso, restricted fees and fund balances are to be used for the purpose collected. The unencumbered balance is also used to offset the negative balance in the University Federal Fund, per agreement with the State Division of Accounts and Reports.

Sponsored Research Overhead Fund (2908-2080)

KSA 76-753 established a sponsored research overhead fund for each state educational institution. Sponsored Research Overhead consists of indirect costs received on sponsored research contracts based on the Facilities and Administrative Cost (F&A rate) agreement negotiated with the federal government. Collected revenue received is used to offset expenses related to administration, operation, research development, and for matching Federal funds available for buildings and equipment that qualify for research purposes. Revenue collected from Sponsored Research is often transferred to 2558-2030 (Restricted Fees Fund) and 2558-3000 (Restricted Fees Fund – External).

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$22,865,774. Balance represents overhead fees collected from research and grants awarded to WSU. Revenue is used to fund employees in the Office of Research Administration, operating costs for the department, seed money for potential research grants, research equipment for faculty, etc. Funding is dependent on continual receipt of research grants that generate the overhead revenue. This balance is essential to future financial stability of the research mission of WSU and will be utilized to further the research efforts of the university.

University Federal Fund (3149-3140)

In the Fiscal Year 2004, the Director of Accounts and Reports established the University Federal Fund for Wichita State University in accordance with House Bill 2444 of the 2003 Legislative Session. The following language was in House Bill 2444:

“On July 1, 2003, in accordance with a certification of the President of Wichita State University, the Director of Accounts and Reports shall transfer all federal funds from any federal grant or other source in one or more accounts of the restricted fees fund of Wichita State University to the University Federal Fund of Wichita State University. On July 1, 2003, all liabilities of the federal monies from any federal grant or other source in such account or accounts of the restricted fees fund of Wichita State University are hereby transferred to and imposed on the University Federal Fund of Wichita State University. On July 1, 2003, the President of Wichita State University shall certify each transfer of such monies and liabilities to the University Federal Fund of Wichita State University to the Director of Accounts and Reports and, at the same time, shall transmit a copy of each such certification to the Director of the Budget and the Director of the Legislative Research Department.”

In accordance with this legislation, a negative starting balance of \$3,517,180 was created in the University Federal Fund. The reason for the negative balance relates to Federal government policies that require expenditures be paid by the University prior to reimbursement. Estimates of revenue for FY 2022 and FY 2023 are based on expected levels of grant funding for the year and adjusted for the timing of anticipated receipts.

Please note that in FY 2021 \$3,999,997 of revenue designated for deposit in 3149-3405: Federal Coronavirus Relief Fund – County was instead deposited in this budget unit. Consequently the budget includes a transfer in FY 2022 from the 3140 budget unit to 3405 to correct the previous revenue deposit.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: (\$25,479,323). The negative balance occurs due to the timing differences in the billing of expenses incurred by WSU to the Federal Government and the receipt of the revenues from the billings. The negative balance is offset by the unencumbered balance in the Restricted Fees Fund, per agreement with the State Division of Accounts and Reports.

University Federal Fund – COVID-19 Funds (3149-3401, 3149-3402, 3149-3403, 3149-3404, 3149-3405, 3149-3406, 3149-3407, 3149-3408, 3149-3409, 3149-3410)

Within the University Federal Fund, several new budget units have been established to facilitate the receipt of federal funding in relation to COVID-19. A summary of the funds, and anticipated funding amounts at the time of budget submission include:

- 3149-3401 - Federal Coronavirus Aid, Relief, and Economic Security Act (CARES) Student AID Funding (section 180004(a)(1): \$4,393,233 in financial assistance for students distributed in FY 2020.
- 3149-3402 - Federal Coronavirus Aid, Relief, and Economic Security Act (CARES) Institutional Funding (section 180004(a)(1): \$4,393,232 in financial assistance to the institution to offset costs related to the pandemic. Expended in FY 2021.
- 3149-3403 - Federal CARES Act – Other: Miscellaneous funding related to the pandemic, including an award for Public Broadcasting. Funding was expended in FY 2021 for a total of \$317,437.
- 3149-3404 - Federal Strengthening Institutions Program (SIP) (section 180004(a)(2): \$436,485 in financial assistance for institutions serving larger portions of minority students.
- 3149-3405 - Local Coronavirus Relief Fund (CRF): \$3,999,997 from Sedgwick County for development of a local COVID-19 testing lab. Please see narrative in fund 3149-3140: University Federal Fund regarding the transfer from that budget unit.
- 3149-3406 - Higher Education Emergency Relief Fund II (HEERF II) Student Aid: receipt and distribution of \$4,393,233 in FY 2021 in student aid.
- 3149-3407 - Higher Education Emergency Relief Fund II (HEERF II) Institutional Aid: fully expended in FY 2021 with a total award of \$10,598,199.
- 3149-3408 – Federal Strengthening Institutions Program (SIP) II: fully expended in FY 2021 with a total award of \$632,974.
- 3149-3409 - Higher Education Emergency Relief Fund III (HEERF III) Student Aid: receipt of \$13,267,928 pending distribution in FY 2022.
- 3149-3410 - Higher Education Emergency Relief Fund III (HEERF III) Institutional Aid: receipt of \$12,522,109, with the majority budgeted to be expended in FY 2022.
- 3149-3411 - Higher Education Emergency Relief Fund III (HEERF III) Institutional Aid Federal Strengthening Institutions Program (SIP): receipt of \$1,135,568 budgeted to be expended in FY 2022.

2021 Legislation: N/A

Balance Forward on June 30, 2021: \$-4,020,768 (negative balance is a result of the timing of the federal drawdowns and the deposit issue in, to be resolved in FY 2022, in 3149-3405: Local Coronavirus Relief Fund)

Economic Opportunity Act – Federal Fund (3265-3100)

The revenue in this fund is federal funding to be used to pay salaries of low-income students to help meet educational expenses. Revenue estimates are based on FY 2020 and FY 2021 collections, with the expectation that collections will remain consistent as WSU continues to attract a significant portion of first generation students.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$-1

**NARRATIVE INFORMATION – DA 405
DIVISION OF THE BUDGET

AGENCY NUMBER: 715**

Educational Opportunity Grant – Federal Fund (3266-3110)

The Educational Opportunity Grant-Federal Fund is where receipts and expenditures for a student federal loan program for undergraduate students with exceptional financial need are recorded. Revenue estimates for FY 2022 and FY 2023 are based on the expectation of moderate revenue growth as the university continues to attract a significant portion of first generation students. A transfer from the Economic Opportunity Act – Federal Fund (3265-3100) is made to this fund each fiscal year.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$0

Pell Grants Federal Fund (3366-3120)

Revenue is received from the federal government to provide eligible undergraduate students who have demonstrated financial need with grants to help with educational expenses. The amount received is fully expended the year it is received. Estimates for FY 2022 and FY 2023 are based on revenue collections in FY 2020. The reduced revenue collections in FY 2021 are attributed to the impact of the pandemic.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$31,749

Governor's Emergency Education Relief (GEER) Fund (3638-3638)

The Governor's Emergency Education Relief (GEER) fund was established in FY 2021. The fund was used to reflect the state's allocation of federal COVID-19 funding with the same name to Higher Education, and reducing the SGF allocation by an equal amount in FY 2021 only. Wichita State's allocation totaled \$2,997,749 and was used to fund student scholarships.

2020 Legislation: N/A

Balance Forward on June 30, 2021: \$0

State Coronavirus Relief Fund (3753-3753, 3753-3771)

Both budget units are related to the state's allocation of federal COVID-19 funding, with 3753-3753 reflecting round 1 allocations in FY 2020 and 3753-3771 reflecting round 2 allocations in FY 2021.

2020 Legislation: N/A

Balance Forward on June 30, 2021: \$-2 (due to rounding)

Housing Funds

1. WSU Housing Systems Revenue Fund (5100-5250)

This is the operating fund for campus housing and primarily includes revenues collected from residence and food service fees. The fund also includes the debt service payments on student housing for Shocker Hall, the Flats, and the Suites. Budgeted revenue and expenditures are based on capacity and approved housing rates by the Kansas Board of Regents.

To take advantage of lower interest rates, the debt on Shocker Hall was recently refinanced. Because of fluctuation in the amount

**NARRATIVE INFORMATION – DA 405
DIVISION OF THE BUDGET
STATE OF KANSAS**

**AGENCY NAME: WICHITA STATE UNIVERSITY
AGENCY NUMBER: 715**

of the debt payment resulting from the refinance, as well as fluctuations in the portion of the capital budget, the budget includes transfers to 5620-5270: Housing System Surplus Fund. The transfers are budgeted at \$1,283,127 in FY 2022 and \$934,827 in FY 2023.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$3,809,132. This is the operating fund for campus housing. The balance is needed for cash flow purposes in accordance with the timing of the receipt of housing revenues.

2. WSU Housing System Surplus Fund (5620-5270)

This fund is required by bond covenant and the balance in the fund is to provide funding for remodeling and major maintenance of the housing facilities. This fund also provides additional security for the bondholders and enhances financial security for bond rating purposes. No expenditures are budgeted from the fund for both FY 2022 and FY 2023. The budget does include transfers in from 5100-5250: Housing Systems Revenue Fund, as previously mentioned.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$1,047,274.

Parking Funds

1. Parking System Operating Revenue Fund (5148-5000)

This is the operating fund for the parking operations and includes debt service for the new parking garage adjacent to the Rhatigan Student Center that began in FY 2017. The parking garage was authorized by 2016 Legislation: House Sub for SB 249, Section 26. Revenue is collected through parking fees and fines. The increase in budgeted revenue from FY 2021 actuals is in recognition that as the campus returns to full operations, parking revenue is expected to increase and be more reflective of collections prior to the pandemic. Surplus revenue from this fund is transferred to Parking System Project Maintenance Fund (5159-5040) to support parking lot maintenance and new construction.

The budget includes a transfer of \$519,355 to 5159-5040: Parking System Project-Maintenance Fund.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$728,899. Fund balances are needed to finance parking improvements with cash, as opposed to bonds, when possible.

2. Parking System Project-Maintenance Fund (5159-5040)

This fund is used for parking lot maintenance and new construction.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$1,769,676. Fund balances are needed to finance parking improvements with cash, as opposed to bonds, when possible.

Scholarship Fund (7211-7000)

Revenue is received from the Board of Trustees, University Foundation, and State of Kansas to fund student scholarships to assist with educational expenses. Budgeted revenue is estimated for FY 2022 and FY 2023 based on actual contributions in FY 2021.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$0

National Direct Student Loan Fund (Perkins Loan Fund) (7519-7010)

The National Direct Student Loan Fund, also known as Perkins Loans, was established under Title II of Public Law 85-864, which provided for major long-term loans for Wichita State University students. Loans were granted on a competitive basis since funds available did not traditionally meet the demand. The loan repayments, principal and interest, are credited to the fund. No allocations of interest are made between Federal and University funds. Congress did not renew the Perkins Program after September 30, 2017, and no disbursements were permitted after June 30, 2018. The lack of renewal means that as loans are repaid, the federal portion of the repayment must be returned to the federal government.

2021 Legislation: HB 2007, Section 113.

Balance Forward on June 30, 2021: \$1,229,148. The balance is used for federal repayment.

Rehabilitation and Repair Projects – Disability Act/Fire Compliance/Improvements to Classroom Projects (8001-8318)

Revenue is transferred from the Kansas Board of Regents for capital projects with a cost of \$1.0 million or less for rehabilitation and repair, Americans with disabilities act compliance, state fire marshal code compliance, and improvements to classrooms. Funding is allocated annually by the Kansas Board of Regents pursuant to an “adjusted square footage” formula. Funding in FY 2023 is not included in the budget request as the Board has not approved allocations for future years.

Through appropriation proviso, limitations are placed on the use of collected revenues within this fund as follows: During the fiscal year ending June 30, 2022, the above agency may make expenditures from the rehabilitation and repair projects, Americans with disabilities act compliance projects, state fire marshal code compliance projects, and improvements to classroom projects for institutions of higher education account of the Kansas educational building fund of the above agency of moneys transferred to such account by the state board of regents by any provision of this or other appropriation act of the 2021 regular session of the legislature: *Provided*, That this subsection shall not apply to the unencumbered balance in any account of the Kansas educational building fund of the above agency that was first appropriated for any fiscal year commencing prior to July 1, 2020.

2021 Legislation: HB 2007, Section 162.

Balance Forward on June 30, 2021: \$5,268,820. Balance has been re-appropriated from FY 2021 and represents dedicated funds for ongoing capital projects.

Wichita State University
FY 2022 Revised and FY 2023 Budget Request

Section III - Division of Budget Forms and Supporting Information

Schedule C: Scientific Research/Development Facilities Fund

House Bill 2690, approved on May 16, 2002, is an act relating to scientific research and development facilities for educational institutions under the control and supervision of the Kansas Board of Regents. Under the Kansas Development Finance Authority, two revenue bond issues were sold, one during Fiscal Year 2003 and the other during Fiscal Year 2005, to provide funds for the construction of facilities and the acquisition of equipment for the universities to promote scientific research and development. For Wichita State University, there are two separate projects approved in the House Bill. One project is for the construction of an Engineering Research Laboratory Building and the other project is for equipment and facility renovation for the National Institute for Aviation Research.

The following is a breakdown of the two revenue bond issues:

| | <u>Engineering Research Building</u> | <u>NIAR Equipment</u> |
|--------------------|--------------------------------------|-----------------------|
| FY 2003 Bond Issue | \$ 2,000,000 | \$ 7,000,000 |
| FY 2005 Bond Issue | <u>8,000,000</u> | <u>6,000,000</u> |
| Project Total | <u>\$10,000,000</u> | <u>\$13,000,000</u> |

Debt Service

A major portion of the debt service on the bonds for the Engineering Research Building was financed by appropriations from the State General Fund for the first five years after the building was finished. The remainder of the debt service will be financed by Wichita State University from Restricted Fees, Sponsored Research Overhead, and the University Foundation. A new fund, General Fees Fund – Engineering Research Building (2112-2010), was established in FY 2010 with a balance of \$2.88 million to provide for the future debt service payments. Debt service on the \$13,000,000 of NIAR equipment, final payment made in FY 2014, was financed by appropriations from the State General Fund and/or capitalized interest for the entire length of the bond issues.

Schedule C-1 on the following page outlines the remaining debt service on these revenue bonds.
