

**WICHITA STATE UNIVERSITY AND COWLEY COLLEGE 2+2 AGREEMENT**  
**Associates of Science Degree/Bachelor's Degree in Biomedical Engineering**  
**February 3, 2020**

The purpose of the 2+2 Agreement is to provide Cowley College's students a four-year coordinated program through the pre-engineering curriculum where students will receive an Associates of Science degree at Cowley College (CC) in the first two years and a Bachelor of Science degree in Biomedical Engineering from Wichita State University (WSU) after two additional years. This agreement will provide guidance for both parties in advising students.

This agreement is for Cowley College students who have:

- Earned an Associates of Science (A.S.) degree according to attached degree plan in Pre-Engineering.
- Achieved a minimum cumulative GPA of 2.0.
- Applied for admission to WSU.

Cowley College students meeting the above requirements will:

- Be guaranteed admission to WSU with completion of application requirements and receipt of transcripts.
- Enter with junior status toward a baccalaureate degree.
- Be guaranteed to transfer 64 credit hours from Cowley College to WSU.

This partnership reflects the following objectives, institutional expectations, and operational principles:

- Expanded student program opportunities, course articulation understandings, and transfer coordination considered mutually beneficial in this coordinated partnership.
- Graduates will possess the technical skills and conceptual background, creative mindset and applied experiences to address the workforce needs for achieving the desired economic development in the State of Kansas.
- All students must complete all major, institutional, and required degree requirements appropriate to the program curricula at the degree granting institution in order to graduate.
- Both Cowley College and Wichita State University College of Engineering program faculty and administrators will promote the program with qualified prospective students and share assessment of learning outcomes toward the goal of program improvement.
- Students can inquire about academic and participation scholarships, financial aid, and grants by contacting the WSU Financial Aid office (316) 978-3430 and the College of Engineering, Engineering Student Success Center at (316) 978-3420.
- Students transferring to WSU from Cowley College who have not completed an A.S. must meet the necessary requirements for admission to WSU, and will have their transcript evaluated on an individual basis.

In order to ensure a successful transition and completion of the associates' and bachelors' degrees from both institutions in this 2+2 agreement, students should refer to the required degree plans or stipulations of this agreement. Transfer students must complete at least 60 credit hours of four-year college work including 45 credit hours of upper-division work in order to qualify for graduation from Wichita State University. Courses used as prerequisites may have higher grade requirements as described in the WSU undergraduate catalog.

**Reverse Transfer**

Students, who transfer to Wichita State University from Cowley College before attainment of the Associates of Science degree, are eligible to reverse transfer courses that have WSU/CC equivalency back to Cowley. This allows for the attainment of the Associates of Science degree provided that at least 45 credit hours are earned at Cowley and all other degree requirements are met.

**Modification of Agreement**

This agreement shall only be modified in writing with the same formality as the original agreement.

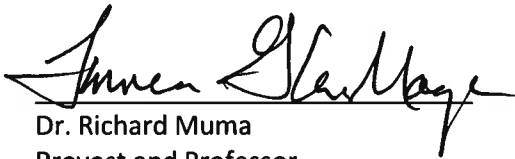

**Terms of Agreement**

The agreement will begin with the 2020-2021 academic year.

**Termination of Agreement**

Either party may terminate this agreement for any reason with a written notice from either party. This agreement is a collaboration between Wichita State University and Cowley College. Any changes, corrections, or additions to this agreement shall be in writing and signed by all necessary parties between both academic institutions.

**Wichita State University**

Dr. Richard Muma  
Provost and Professor  
Wichita State University

Dr. Dennis Livesay  
Dean, College of Engineering  
Wichita State University

Dr. Michael Jorgensen  
Chair, Biomedical Engineering  
Wichita State University

**Cowley College**

Dr. Dennis C. Rittle  
President  
Cowley College

Dr. Michelle Schoon  
Interim Vice President of Academic Affairs  
Cowley College

Scott Layton  
Chair, Natural Science Department  
Cowley College

**Biomedical Engineering Pathway (2+2)  
Cowley Community College & Wichita State University**

**Courses taken at Cowley Community College for completion of Associate in Science Degree**

<b>Freshman – 1st Semester 16 Credit Hours</b>			
<b>Wichita State University Equivalent</b>	<b>Hours</b>	<b>Cowley Community College</b>	<b>Hours</b>
ENGL 101 College English I (3)	3-G	ENG 2211 Composition I	3
