Our program philosophy centers around a sincere belief in the potential of the student-athlete. This athlete-centered philosophy fervently believes the student-athlete can do or become nearly anything when they have, acquire, and utilize certain qualities. We believe these success qualities are: an intense desire to **LEARN**, enormous **WORK ETHIC**, and unwavering **LOYALTY**, especially to the program's philosophy. To the degree the student-athlete demonstrates these three things, we believe they can improve dramatically as a person, student, and athlete.

Please comment on the program philosophy above.
