General Article: SelectSuite: New Home Page Summer 2018

# Navigating the New Home Page

We've moved things around a bit. If you're not sure how to find a feature you're used to using, take a look at the images below to see where certain features have moved.

1. Module Selector (switch between Applicant Tracking, Position Management, Performance, Admin, Employee Portal\*, Analytics Dashboards\*, etc)

- 2. Usergroup dropdown
- 3. Shortcuts
- 4. Welcome "Who you are signed in as"
- 5. My Profile
- 6. Help
- 7. Logout

	Hire			4, 5,	6, 7 Welcome, Sy	rstem Account <u>My Profile</u> <u>H</u>	ielp logout
1						2 User Group: Omnipotent	Ţ
	Home	Postings 🗸	Applicants <del>-</del>	Hiring Proposals -	Onboarding Ev	vents - Shortcuts	-
							<b>`</b>
	Inbox	Postings 1	Users Hiring Proposals	Position Requests	Onboarding Tasks	0 Filled Pos Last 30 days	5
	Special Ha	ndling Lists				,-	
	SEARCH						

\*The link to the **Employee Portal** (for Employees to access Performance Reviews and tasks) is grouped with the Module Picker.

\*The link to the Analytics Dashboards are now also grouped within the Module Picker.

Here is the expanded Module Selector:

				Weld	come, System Acco	ınt <u>My Profile Help</u>	logout

To see the New Home Page navigation in action, continue on to the "<u>SelectSuite: New Home Page Navigation</u>" article.

### **New Features**

#### New Inbox: What all can I see and access from this new inbox?

#### General Article: SelectSuite: New Home Page Summer 2018

You will be able to see all of your action items, including those assigned to you as a search committee member (under the postings tab). You will also notice a few added fields to help you better find and prioritize your work, including the department and days in current workflow state. You will no longer have to manually update your usergroup to take a particular action from your Inbox. When you click on an action item in your inbox, you will be logged in automatically with the correct usergroup. To read more about the New Inbox Functionality, continue on to the "SelectSuite: New Inbox" article.

Assistant Professor English	(3)	Human Resources 12			1000000109	
Assistant Professor English	(3)	Human Resources 12				1000000109

#### New Widgets: What are the different widgets on the home page?

There are a handful of simple data visualizations (or "widgets") on the new home page. These will answer questions such as, "How many postings were filled in the last 30 days?" for an administrator or "How long are things sitting in my inbox on average?" for an approver. These "widgets" are persona-based with different visualizations for administrators, applicant reviewers, and approvers. To read more about the New Widget Functionality, continue on to the "<u>SelectSuite: Widgets in the Home Page</u>" article.

#### New Configurable Shortcuts: How are Shortcuts changing?

Instead of being preset, Shortcuts will now be configurable per user. This will allow each user to customize their shortcuts on an individual basis. To read more about Configurable Shortcuts, continue on to the "SelectSuite: New Configurable Shortcuts" article.

# New Watchlist Functionality: How is the Watchlist changing?

The Watchlist is getting a refresh with Search and Filter functionality, and a more convenient bookmark icon on each Posting, Hiring Proposal, etc. You can click on this at any time to add it or remove it from your watch list. To read more about the New Watchlist Functionality, continue on to the "<u>SelectSuite: New Watchlist</u>" article.

## Additional New Home Page FAQ

#### Is this ADA compliant?

Yes, this landing page is WCAG 2.0 AA compliant

Should I expect more changes in the future?

7/18/2018	General Article: SelectSuite: New Home Page Summer 2018
	One tremendous value of a cloud-based solution is the continuous improvement loop. As we release enhancements, we can gather more and more customer feedback in order to prioritize future improvements.
	What if I have Performance as my default landing page?
	Your default Performance landing page will remain intact. When you navigate to Hire (your applicant tracking solution) or Positions (your position management solution), you will see this new landing page.
	Where does the data in the widgets come from?
	This data comes directly from your PeopleAdmin talent management solution.
