APPENDIX A: WSU Program Review Self Study Table Methodology

Table 1: Fiscal Year Summation of Student Credit Hour (SCH) Production

Source: SC_StuCrS20_ban (BIPMS)

Population: Department in which program resides

Summation of billable student credit hours (senior citizen discounted hours excluded) for the fiscal year (summer-fall-spring) as reported on the census day of each semester. In cases where multiple programs occur within a single department, department hours rather than program hours are reported. For example, four units (counseling, educational leadership, educational psychology & school of psychology) all exist within the department of CLES so the student credit hours for all the units will reflect the department level values.

Table 2: Student Credit Hour (SCH) Production at Fall Census Day

Source: SC_StuCrS20_ban (BIPMS)

Population: Department in which program resides

Billable student credit hours (senior citizen discounted hours excluded) as reported on the Fall census day. In cases where multiple programs occur within a single department, department hours rather than program hours are reported.

Table 3: Student Credit Hour (SCH) Production Among Department Instructional Faculty on November Employee Census Day (entire term SCH)

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty within program who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours of teaching faculty who had active class assignments (enrolled classes) during the Fall term and were members of the program as identified by the department level organization code(s) as captured during the November employee census (employed during the 1st week of November). Credit hours are summations for the entire Fall term period. Unclassified and classified staff may be included if they have active teaching assignments. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B). In cases where multiple programs occur within a single department, department hours rather than program hours are reported.

Table 4: Instructional FTE Employed on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty within program who had active teaching assignments and employed during the 1st week of November.

Summated full-time-equivalent (fte) count of teaching faculty who were employed by the department during the 1st week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B). In cases where multiple programs occur within a single department, department hours rather than program hours are reported.

APPENDIX A: WSU Program Review Self Study Table Methodology

Table 5a: Student Credit Hour (SCH) by FTE for University Instructional Faculty on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty (university level) who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours (senior citizen discounted hours excluded) divided by the full-time-equivalent totals for teaching faculty (includes all university hours) employed during the first week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B).

Table 5b: Student Credit Hour (SCH) by FTE for College Division Instructional Faculty on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty (program's college division) who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours (senior citizen discounted hours excluded) divided by the full-time-equivalent totals for teaching faculty (includes all hours within program's college division) employed during the first week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B).

Table 5c: Student Credit Hour (SCH) by FTE for Program Instructional Faculty on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty (university level) who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours (senior citizen discounted hours excluded) divided by the full-time-equivalent totals for teaching faculty (within the program under review) employed during the first week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B). In cases where multiple programs occur within a single department, departmental fte counts rather than program counts are reported.

Table 6: Program Majors (including double majors) on Fall Census Day

Source: SC_Stu20_ban (BIPMS)

Population: Students who have active major codes within the program on the Fall census day.

Fall census day counts of program majors including primary major, double major, secondary program major and secondary double majors.

APPENDIX A: WSU Program Review Self Study Table Methodology

Table 7: Degree Production by Fiscal Year

Source: SC_Degrees (BIPMS)

Population: Students who have conferred degrees within the program.

Fiscal year (summer-fall-spring) summation of conferred degrees within program including degrees awarded to primary majors, double majors, secondary program majors and secondary double majors.

Table 8: Mean ACT score of Juniors and Seniors Enrolled on Fall Census Day

Source: SC_Stu20_ban (BIPMS)

Populations: Junior and senior program enrolled majors on Fall census day who have valid ACT or SAT scores in Banner.

Mean ACT scores for enrolled junior and senior program majors including primary majors, double majors, secondary program majors and secondary double majors on Fall census day. If student has only a valid SAT score, the score is converted to an ACT equivalent. In the case of multiple score values for a student, highest score is reported.

Table 9: Mean Application GPA of Admitted Graduate Student Majors

Source: SC_Adm_AppProcessed_ban (BIPMS)

Population: Program degree seeking admitted graduate students with a valid 60 hour GPA on application.

Mean 60 hour graduate school GPA of program admitted degree seeking students during the fiscal year (summer-fall-spring). In cases where the student has multiple admit records for the program, the last student application record is reported. Reported values and counts are at time of admission and may not reflect the current program the student is enrolled under.

Table 10: Satisfaction with Program among Undergraduates and Graduate Students at End of Program Exit

Source: SS_AFD_ExitSurvey_UG & SS_AFD_ExitSurvey_GR

Population: Program majors who have submitted an application for degree and exit survey and in programs with more than 5 exit survey submission for the reporting period.

Along with scores related to student satisfaction with their program major, scores are also reported for satisfaction with the University overall, and the program's college division. The Exit Survey ask students to rate on a scale of 1 to 5 (5=high) their level of satisfaction with their degree program. Along with numeric scores, the percent of students responding satisfied or very satisfied is reported. Data are reported by the fiscal year (summer-fall-spring).

Table 11: Applications, Admits and Enrollment for Undergraduate and Graduate Applicants

Source: SC_Adm_AppProcessed_ban (BIPMS)

Population: Program majors who have submitted applications.

Student counts of program majors who have submitted an application, who were granted admission into the program, and who enrolled by or on the census day are reported for the fiscal year. In cases where the student has multiple applications only the last application record is counted. Incomplete and in-process applications are excluded. Data reflects major at time of application and may not match program major at census day.

APPENDIX A: WSU Program Review Self Study Table Methodology

Table 12: Percent Under-represented Minorities (URM) on Fall Census Day

Source: SC_Stu20_ban (BIPMS)

Population: Program majors enrolled on Fall census day

Under-represented minority (URM) status of program majors including primary majors, double majors, secondary program majors and secondary double majors enrolled on Fall census day. URM include Black non-Hispanic, Hispanic, American Indian/Alaskan native and Native Hawaiian/Other Pacific Islander.

Table 13: Race/Ethnicity on Fall Census Day

Source: SC_Stu20_ban (BIPMS)

Population: Program majors enrolled on Fall census day.

Race and ethnicity of program majors including primary majors, double majors, secondary program majors and secondary double majors enrolled on Fall census day by student class groups.

Table 14: Percent Under-represented Minorities (URM) of Degreed Conferred Students by Fiscal Year

Source: SC_Degrees (BIPMS)

Population: Program majors who were awarded degrees during the fiscal year

Under-represented minority (URM) status of program majors including primary majors, double majors, secondary program majors and secondary double majors enrolled on Fall census day. URM include Black non-Hispanic, Hispanic, American Indian/Alaskan native and Native Hawaiian/Other Pacific Islander.

Table 15: Race/Ethnicity of Degree Conferred Students by Fiscal Year

Source: SC_Degrees (BIPMS)

Population: Program majors who were awarded degrees during the fiscal year

Race and ethnicity of program majors including primary majors, double majors, secondary program majors and secondary double majors who completed a degree during the fiscal year (summer-fall-spring).

Table 16: Department Student Credit Hour (SCH) by Student Department Affiliation on Fall Census Day

Source: SC_Stu20_ban & SC_StuCrS20_ban (BIPMS)

Population: Program majors at census day.

Number of student credit hours (senior citizen discounted hours excluded) on Fall census day for program majors including primary majors, double majors, secondary program majors and secondary double majors. In cases where multiple programs occur within a single department, department level credit hours rather than program hours are reported.
