The above referenced contract award was recently posted to Procurement and Contracts website. The document can be downloaded by going to the following website: http://www.da.ks.gov/purch/Contracts/

2. Specifications

Group 1 Confidential Document Shredding:

Optional Use: As a statewide contract, this contract will be defined as an optional use contract. State of Kansas (SOK) agencies may opt to utilize a sheltered workshop to perform shredding services if desired, with the caution to SOK agencies that sheltered workshops may not meet the strict security requirements to protect confidential information contained within this RFP. SOK agency personnel should discuss the sheltered workshop's procedures and policies with the workshop's program administrator to understand any potential security weaknesses before proceeding.

Services to Be Provided:

Document Destruction: Printed paper media shall be rendered into small, unreadable and unreconstructible pieces which are mixed, compressed and secured until disposed. All materials shall be classified as mixed paper without the need to remove staples and paper clips. Limited amounts of plastics and metal may be added to the paper in the consoles or bins. Plastics include binders, CD's, tapes and disks. Metal includes staples, binders and clips.

Certification: At a minimum, certification by National Association for Information Destruction, Inc. (NAID) is required for all base servicing locations, whether corporately owned and operated, or whether operating as a franchisee. NAID certified companies operate under a strict code of ethics and NAID conducts annual and random audits to ensure that certified members are in compliance with industry best practice, and legal and ethical standards. Certification means that the Contractor has passed an audit by security professionals possessing Certified Protection Professional accreditation through the American Society for Industrial Security. A lapse of NAID certification during the term of the contract resulting from his bid shall be cause for vendor removal from contract.

Mobile and Off-Site Services: The preference of many agencies is for mobile, *on-site* shredding. However, awards for off-site shredding shall also be given.

Routine Service. Routine Service shall be provided on a weekly, monthly or bi-monthly set schedule per the agency's requirements. Pricing shall be based on the number of consoles. Agency shall have the option of changing frequency of pickups.

Call-In Service: Call-In Service shall be defined as "on an as needed basis"; once containers are full; the agency will contact the contractor. For call-in services, the contractor shall schedule service on its next available route. No fees shall be assessed for adding a stop to the next available route. However, should an agency require pickup prior to the next available route schedule, a special fee for pickup prior to that route may be assessed.

Containers Pricing shall be established by the container for routine and call-in services. Most State of Kansas agencies will require lockable security consoles (approximately 16 X 20 X33 with an 80 lb. capacity) or lockable wheeled 64-gallon polycarts.

Bulk/Mass Clean-Out. When routine pickups are not established, agencies may require destruction of "Boxed" material with the return of the boxes unnecessary. Boxed material will be brought to the dock by the using agency. Upon request, the using agency shall be temporarily provided 64 or 90-gallon wheeled lockable containers for agency personnel to fill at no extra charge. Pricing shall be based on lbs. of material collected.

Larned State Hospital Requirements: Due to the highly secure nature of the Larned State Hospital Campus, Contractor shall provide 100 each lockable mini-consoles (18 x 12 x 13 with a 20 to 30 lb. capacity) and lockable 64-gallon containers (50 each). LSH employees shall transfer material from mini consoles to larger containers. A Larned State employee shall accompany Contractor driver to approximately fifteen (15) pickup points throughout the Larned State Hospital campus. Fees shall be based on lbs. of material collected. Off-site shredding is required. Pickups shall be monthly.

Recycle Stream: Destroyed documents shall enter the recycling stream. If landfilling destroyed documents, the vendor shall disclose.

Confidentiality: Confidentiality of all information is required. The contractor shall not inspect, view, peruse, copy, or examine any confidential material or documents whether designated for shredding or disposal or not. In addition, the contractor shall not otherwise disclose, release or communicate any confidential information to any third person, individual, organization or entity not employed or approved by the using SOK agency office. Should any violation or breach of this provision occur, such shall constitute cause for immediate termination of this contract upon receipt of written notice of such termination.

Furthermore, the using SOK agency, at its option, may verbally direct the immediate removal of the contractor or his employees from the using agency office space, upon the occurrence of the above referenced violation or breach. Any resumption of the contractor's duties will be effected by written communication.

The Contractor shall maintain confidentiality in accordance with best industry practices in compliance with federal and state laws, and in compliance with the National Association for Information Destruction, Inc. requirements for Contractor certification. The Contractor's personnel designated to work with confidential records shall be required to sign a statement of confidentiality guaranteeing non-disclosure of information prior to performing any work described in this contract. The confidentiality statement shall be designed, implemented and maintained by the Contractor. If necessary, the statement of confidentiality shall be made available for viewing by the State of Kansas using agency.

FERPA Confidentiality: The contractor shall maintain confidentiality of all education records according to the Family Educational Rights and Privacy Act (FERPA). Any personally identifiable information contained in education records is confidential and must not be redisclosed to anyone outside the contractor's employees. The contractor is deemed a school official per FERPA for the limited purpose of shredding or disposing of materials or documents submitted to them for this purpose. The education records must be destroyed in a reasonable time by the contractor.

Equipment: The shredding equipment shall have the capacity to handle the volume of material generated or produced through the course of government business and must safely destroy all materials whether stapled, clipped, bound, etc.

Contractor vehicles used for mobile shredding must be specifically designed for shredding services. The vehicles shall have lockable cabs and have fully enclosed and lockable refuse boxes. The vehicle shall remain locked when unattended. The vehicle shall be clearly marked with the corporate logo and/or name.

Witnessed Shredding: Contractor shall accommodate a State of Kansas using agency employee witnessing the destruction, whether mobile or off-site shredding, upon request.

Certificate of Destruction: A Certificate of Destruction must be provided for all jobs.

Availability: The contractor must provide to any agency using this contract the designated representative(s) who will oversee agency usage of this contract. The contractor must furnish established office hours and telephone numbers.

Personnel:

A. **Employee Criminal History Background Check:** The contractor shall, at his/her expense request a Kansas criminal history background check for each employee or subcontractor assigned to perform services under this contract. The written results of this check must be maintained on file by the Contractor. If necessary, the background check shall be made available for viewing by the State of Kansas using agency. Any prospective employee convicted of a felony or any type misdemeanor involving money, fraud, deceit or untruthfulness within ten (10) years prior to their proposed start date will not be allowed to perform services at any agency.

   The contractor shall submit to and for each employee providing service under this contract, successfully complete a background investigation as specified and conducted by the Kansas Bureau of Investigation (KBI) prior to any service being provided.

   All employees of the contractor actually engaged in work for any agency shall submit to and successfully complete at least once per contract year a background investigation as specified and conducted by the KBI.

B. **Uniform:** All employees of the contractor shall wear on their person a photographic ID badge, to be supplied and furnished by the contractor. The employee ID badge shall contain the following information.

   The contracting company name, address and telephone
   The employees full name, printed on the badge, and the employees' signature
   A recent photograph of the employee (not more than one year old)

   Employees may be required to sign in and out on a log provided by any agency using services provided by this contract.

C. **Drugs and Alcohol:** The illegal use, possession, dispensation, distribution, manufacture or sale of a controlled substance or illegal drug by an employee of the contractor at any State Agency is prohibited, as is the use or

possession of alcohol. Any violation of this prohibition may result in the arrest of the offender and will provide sufficient cause for termination of the contract.

Insurance: Contractor must provide proof of the following insurance coverage:

A. Comprehensive Liability including Bodily Injury and Property Damage for which the contractor is responsible with limits of no less than $50,000 per person and $100,000 per occurrence.

B. A fidelity or indemnity bond in the amount of $5,000 to cover the dishonest acts of its employees or agents in the course of providing confidential document shredding/disposal services during the contract period. Contractor agrees that the fidelity or indemnity bond will cover losses due to theft by employees of contractor or by employees of any subcontractor hired by contractor.

C. Contractor further agrees that if it fails to carry such fidelity or indemnity bond or if the fidelity or indemnity bond fails to cover loss, contractor will be responsible for payment to cover losses due to theft by employees of contractor or by employees of any subcontractor hired by contract.

D. The successful contractor shall submit proof of Public Liability Insurance as well as Workers Compensation Insurance to the agency prior to beginning the service.

Group 2 – Hard Drive Destruction:

Group 2 is for hard drive destruction statewide. The State of Kansas makes no representation on how well these services will be utilized statewide.

Services to Be Provided:
The hard drives shall be physically destroyed into fragments to avoid any reconstruction or data extraction. Degaussing or overwriting shall not be used as the method of destruction.

Proof of NAID certification shall be required.

A certificate of destruction shall be provided to the using agency.

Group 3 - Record Storage Services:

For State Agencies located in Topeka, box storage site is preferred to be located in Topeka.

Selected Contractors will be required, at the request of agencies, to move boxes that are located in Iron Mountains storage at no cost to the agency.

Services to Be Provided:

Contractor(s) shall provide:

a) pickup and storage of boxed, closed files; the majority being approximately 12 ¼" x 15 ¾" x 10", or 1.2 cubic feet. Banker boxes of 2.4 cubic feet may be utilized, but storage shall be priced at double the established rate as a 1.2 cubic foot box. All other box sizes shall not be accepted by the Contractor.

b) Storage in space with appropriately functioning systems to protect from potential fire, water, moisture and/or other damage to records;

c) catalogue the agency's boxes (Intake fee established per box);

d) a system to maintain security of records;

e) for confidentiality of records as per Section 5.1, 10;

f) maintenance of an "authorization for access" list of agency personnel who are allowed to request agency record and allow only authorized persons with written permission to request records;

g) If requested, contractor shall pull a record and physically deliver the record to the agency within 24 hours; the pull price shall include the cost of delivering the file to the agency if within a 10 mile radius of the contractor; otherwise, a mileage fee may be assessed as per established rates;

h) Contractor shall provide the agency access to records in a storage center work area;

i) Pulled records shall be refiled upon return to the Contractor; the refile price shall include the cost of picking up the file from the agency.

j) Provide for destruction of records utilizing a NAID-certified, state-contracted shredding firm. The price shall be a pass-through cost, billed to the agency.

Type of Service: Off-Site

LARNED STATE HOSPITAL

Vendor provides approximately 50 65-gallon containers and 100 mini consoles. LSH employees are responsible for transfer of material from mini consoles to larger containers. LSH employee accompanies Vendor driver to approx. 15 pickup points throughout LSH campus. Fees based on pounds of material collected.

Pricing: **LSH: $ .08 / lb. * see note on suggested pricing below**

No Minimum Pickup Fee

Pricing shall not apply to other contract users in Pawnee County

*Pricing per container of $10 per 64-gallon container is preferred instead of weighing the material and charging by the pound. Full containers weigh between 200 lbs and 250 lbs, so this pricing is approximately equivalent to $.04-$.05 per pound. To weigh containers requires much more time, therefore increased rate charged for /lb rate.
