2. Specifications

The State of Kansas is entering this contract for the supply of Facility Paper Goods such as toilet paper, paper towels, drinking cups, paper plates, and other related facility supply products.

2.1. Due to the volatility of the paper market the pricing structure of contract is for a percentage off list price for each product in the bidder's catalog of applicable products.

2.2. Contractor is required to make available to State of Kansas personnel a website listing all products specified in their bids with the current daily list price and the percentage off list. The awarded bidder will be responsible for keeping their price lists up to date. State of Kansas personnel will use this list to obtain current prices for placing orders.

2.3. State of Kansas personnel will attach a copy of listed prices to their Purchase Orders before Dispatching to awarded bidder.

2.4. Items listed on websites will have current model/item numbers and will show items that have been replaced by another model number or similar/like item.

2.5. If the equivalent item meets specifications and delivery terms are acceptable (PPd+) to the State of Kansas, The contractor will be responsible for updating their on-line site and showing the replacement item model number, description, list price and % off list.

2.6. Reporting

Contractor will comply with the quarterly reporting requirements as discussed in Section 3. Para.3.44 p. 21. Only Electronic files in Microsoft® Excel format will be accepted. Paper copies of reports and/or pdf documents will not be accepted.

2.7. Delivery:

Contractor is encouraged to offer the best delivery time possible that has the least effect on their overall product pricing.

- (a) The State requires deliveries *within seven calendar days* for the majority of its consignees; the majority of its consignees will be in the counties of Shawnee, Douglas, Sedgwick and the metro Kansas City area.
- (b) the contractor must state their delivery capabilities on all proposed products on the pricing response.
- (c) the contractor must state on the pricing response page whether each proposed item is a standard stock item for the bidder and how many days after receipt of order the item will be delivered.
- (d) The ordering agency shall be immediately notified of any items not available for delivery within stated delivery times. The agency shall have the option to acquire items not available from the contractor from other sources outside this contract. Excessive back-order situations may result in disqualification and re-award of contract.

Contractor is to ship product on wooden pallets upon request by the ordering agency. If a deposit is required for each wooden pallet provided, the contractor must have included pallet costs into their Cost Sheet, and it must be included on the invoice as a separate line item.

2.8. Minimums:

- (a) Minimum quantities are acceptable. These can be stated as a minimum weight or a minimum dollar amount.
- (b) Prices are F.O.B. DESTINATION, PREPAID AND ALLOWED (included in the price bid), which means delivered to a state agency's receiving dock or other designated point as specified.
- (c) If stating a minimum weight for an order (example: 200 lbs.), the contractor shall provide additional, accurate case weights for the various products bid on the Specifications/Pricing Excel worksheet.

- (d) It shall be understood that State of Kansas agencies that have very limited space or a quick turnaround need for a small quantity of paper products can purchase those from sources other than this contract when minimum order quantities are not practical.
- 2.9. Unit of Delivery:
 - (a) The contractor is not responsible to supply, at the contract price, an item being ordered in a quantity of less than full cartons. Agencies are advised to purchase these smaller requirements locally or contact the contractor for their pricing on these items.
 - (b) Contractor shall provide accurate information on pack sizes of cases on the Specifications/Pricing Excel worksheet.

2.10. Samples:

Samples of awarded items shall be made available upon request to the using agency throughout the life of the contract.

2.11. Dispenser Costs:

Dispensers should be listed on the Cost Sheet. The contractor will be responsible for the cost of replacing dispensers due to model changes and/or upgrades. State Agencies will be responsible for dispenser replacement cost due to wear and tear, or breakage after any warranty period, if applicable, has elapsed.

2.12. Special Provisions:

It is the intent of the State of Kansas to allow for re-release of a Request for Proposal on a periodic basis in order to "refresh" the pool of vendors providing services for bid under this contract. This will allow for a more comprehensive, up-to-date pool of available vendors to meet the needs of the State of Kansas agencies using this contract. A Request for Proposal may be re-released, at the State's discretion, throughout the contract period, including subsequent contract renewal periods.

3. Cost Sheet
