KCI Waiver Information:

A waiver MUST be obtained by ordering Agency prior to ordering any type of furniture. Dealers and Manufacturers are REQUIRED to obtain an approved waiver form from the ordering agency, prior to accepting an order for these items.

Statute K.S.A. 75-5276 requires that state agencies purchase **goods and services, including office furniture**, from Kansas Correctional Industries (KCI). In applying this statute and administering this waiver process, the term office furniture shall mean:

Furniture, at the time product requirement is indicated, that it is intended primarily for use in an office environment (including faculty offices, meeting rooms and conference rooms). KCI's web site and catalogs do not contain all products offered.

Statute K.S.A. 76-769 Exempts all Universities, colleges, cities, counties, and municipalities from Statute K.S.A. 75-5276, therefore a waiver form is not required from these entities.

Vendor Refresh Language

It is the intent of the State of Kansas to allow for re-release of a Request for Proposal on a periodic basis in order to "refresh" the pool of vendors providing services for bid under this contract. This will allow for a more comprehensive, up-to-date pool of available vendors to meet the needs of the State of Kansas agencies using this contract. A Request for Proposal may be re-released, at the State's discretion, throughout the contract period, including subsequent contract renewal periods.

**** Current contract vendors selected during either the initial solicitation, or subsequent solicitations, will not be required to resubmit proposals to subsequent releases; however, vendors may update their original response at the time of re-release if changes have occurred. ****

1. Terms and Conditions

- Form DA 146a.

1.3. **Definitions**

A glossary of common procurement terms is available at <http://admin.ks.gov/offices/procurement-and-contracts>, under the "Procurement Forms" link.

3.7. ERGONOMIC FURNITURE AND ACCESSORIES

Because of the significant difference between individuals in the workforce, it is important to ensure correct design with respect to the layout and dimension of computer workstations. To decrease injury risk exposure and ultimately prevent injuries while continuing to support improvements in efficiency in an office computer workstation environment, the below specifications should be followed when bidding ergonomic computer furniture and accessories for an office computer workstation environment.

3.7.1. **Postures**

To maintain comfort and increase productivity, computer users should frequently change postures. Four reference postures at a computer workstation are:

- 1. Upright sitting:** Allows for vertical position of 90 and 105 degrees of the upper torso with thighs near horizontal and lower legs vertical
- 2. Reclined sitting:** Allows for a recline of the user's torso and neck to be between 105 and 120 degrees
- 3. Declined sitting:** Allows for the user's thigh position to be angled downward with the hips above the knees, with the upper torso vertical or slightly reclined with an angle of greater than 90 degrees between the torso and thighs
- 4. Standing:** Allows for the knees, hips, torso, and neck to be in line vertically

Computer workstation design should allow for use of all four reference postures, allowing for users to alternate between both seated and standing postures. All furniture manufacturers should be able to provide adjustable furniture which allows for seated and standing postures that meets the below criteria.

3. Sufficient space on top of the work surface should be provided to allow for multiple input devices (both keyboard and mouse, tablet, etc.), computer monitors, telephone, and other equipment
4. The horizontal space on top of the work surface which provides adequate width for computer input devices, writing materials, etc. should be at least 40" – 45"
5. The platform or surface of an articulating arm keyboard tray should be at least 26" wide (27.6" or more is ideal) to allow for sufficient keyboard and mouse space. These platforms should be adjustable in eight and range in height from 7" below the desk to 6" above the desk. Bi-level adjustable desk platforms as part of the overall desk design are sufficient if these meet the necessary specifications.

***Platforms which do not adjust to meet these specifications are unacceptable

6. The below section on work surface dimensions further specifies actual work surface dimensions to be incorporated in furniture design
7. Height adjustable work surfaces should provide visual specifications marking the adjustment for height and tilt
8. Work surface edges should be rounded (radius of at least 0.1") and have a non-reflective surface

3.7.4. CHAIRS

1. Chairs should meet the below criteria and allow users to adjust from at least two of the three seated reference postures as mentioned above.
 - a. Adjustable seat height
 - b. Height adjustable back rest (bendable or flexible back support in response to movement may suffice)
 - c. Adjustable seats pan tilt (whether adjustable by a lever, knob or by adjustments through body weight)
 - d. Adjustable back rest tilt (whether adjustable by a lever, knob or by adjustments through body weight)
 - e. Tension adjustment with seat lock or stop
 - f. Adjustable seat depth
 - g. Waterfall or rounded front edge
 - h. Armrests (if provided) must provide sufficient clearance under the workstation and are not to interfere with the use of any of the four reference postures
 - i. Overall chairs should allow for dynamic or floating postural changes and movements to allow for adjustment between seated reference postures. Flexible seat materials which bend along with user movements are also acceptable.

2. Chairs dimensions should meet the below criteria.

- a. Seat heights should range from 15" – 22"
- b. Seat depth should range from 15" – 21"
- c. Seat width should be at least 17.7"
- d. Seat pan tilt should be adjustable by the user in the range of at least 4 degrees
- e. Seat back angle should be adjustable from 90 – 120 degrees; angles beyond 120 degrees require a user adjustable headrest
- f. Width of the backrest should be at least 14.2"
- g. Top of the backrest height should be at least 17.7" above seat height
- h. Backrest height adjustment should be user adjustable between 6" – 10" above seat height
- i. Armrests should adjust in height and width and be detachable.
- j. Armrests should adjust from at least 6.7" to 10.6" above the seat height and width clearance of armrests should be adjustable from 13.5" to at least 18".
- k. Arm rests should pivot and/or slide to allow for both wider and narrower user shoulder breadths.

Users should be properly educated on the available chair adjustments, how they are used as well as why they are beneficial. Simply dropping off a chair user's guide is insufficient.

3.7.5. MONITOR

Monitor adjustment is important in accommodating each individual user's line of sight. Monitor arms are commonly used to allow easy adjustment of height, tilt, angle, and distance. Monitor arms are recommended as part of overall computer workstation design to allow for proper user placement.

1. Monitor adjustments or monitor arms should allow for the following adjustments when incorporated.
 - a. Monitor arms to be used for sitting only workstations should be adjustable between 27.5" – 32.8". Additional adjustment may be needed for users with prescription lenses
 - b. For users with normal visual capabilities, monitors should be adjustable between 15.7" – 39.4" from the user's eyes.

5. Contractual Provisions Attachment

DA-146a Rev. 07/19

5.1. Important

The Provisions found in Contractual Provisions Attachment (Form DA-146a, Rev. 07-19), which is attached hereto, are hereby incorporated in this contract, and made a part thereof. The parties agree that the following provisions are hereby incorporated into the contract to which it is attached and made a part thereof, said contract being the 2nd day of November 2023.

5.2. Terms Herein Controlling Provisions

It is expressly agreed that the terms of each and every provision in this attachment shall prevail and control over the terms of any other conflicting provision in any other document relating to and a part of the contract in which this attachment is incorporated. Any terms that conflict or could be interpreted to conflict with this attachment are nullified.

5.3. Kansas Law and Venue

This contract shall be subject to, governed by, and construed according to the laws of the State of Kansas, and jurisdiction and venue of any suit in connection with this contract shall reside only in courts located in the State of Kansas.

5.4. Termination Due to Lack of Funding Appropriation

If, in the judgment of the Director of Accounts and Reports, Department of Administration, sufficient funds are not appropriated to continue the function performed in this agreement and for the payment of the charges hereunder, State may terminate this agreement at the end of its current fiscal year. State agrees to give written notice of termination to contractor at least thirty (30) days prior to the end of its current fiscal year and shall give such notice for a greater period prior to the end of such fiscal year as may be provided in this contract, except that such notice shall not be required prior to ninety (90) days before the end of such fiscal year. Contractor shall have the right, at the end of such fiscal year, to take possession of any equipment provided State under the contract. State will pay to the contractor all regular contractual payments incurred through the end of such fiscal year; plus contractual charges incidental to the return of any such equipment. Upon termination of the agreement by State, title to any such equipment shall revert to contractor at the end of the State's current fiscal year. The termination of the contract pursuant to this paragraph shall not cause any penalty to be charged to the agency or the contractor.

5.5. Disclaimer of Liability

No provision of this contract will be given effect that attempts to require the State of Kansas or its agencies to defend, hold harmless, or indemnify any contractor or third party for any acts or omissions. The liability of the State of Kansas is defined under the Kansas Tort Claims Act (K.S.A. 75-6101, et seq.).

5.6. Anti-Discrimination Clause

The contractor agrees: (a) to comply with the Kansas Act Against Discrimination (K.S.A. 44 1001, et seq.) and the Kansas Age Discrimination in Employment Act (K.S.A. 44-1111, et seq.) and the applicable provisions of the Americans With Disabilities Act (42 U.S.C. 12101, et seq.) (ADA), and Kansas Executive Order No. 19-02, and to not discriminate against any person because of race, color, gender, sexual orientation, gender identity or expression, religion, national origin, ancestry, age, military or veteran status, disability status, marital or family status, genetic information, or political affiliation that is unrelated to the person's ability to reasonably perform the duties of a particular job or position; (b) to include in all solicitations or advertisements for employees, the phrase "equal opportunity employer"; (c) to comply with the reporting requirements set out at K.S.A. 44-1031 and K.S.A. 44-1116; (d) to include those provisions in every subcontract or purchase order so that they are binding upon such subcontractor or vendor; (e) that a failure to comply with the reporting requirements of (c) above or if the contractor is found guilty of any violation of such acts by the Kansas Human Rights Commission, such violation shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the contracting state agency or the Kansas Department of Administration; (f) Contractor agrees to comply with all applicable state and federal anti-discrimination laws and regulations; (g) Contractor agrees all hiring must be on the basis of individual merit and qualifications, and discrimination or harassment of persons for the reasons

stated above is prohibited; and (h) if it is determined that the contractor has violated the provisions of any portion of this paragraph, such violation shall constitute a breach of contract and the contract may be canceled, terminated, or suspended, in whole or in part, by the contracting state agency or the Kansas Department of Administration.

5.7. Acceptance of Contract

This contract shall not be considered accepted, approved or otherwise effective until the statutorily required approvals and certifications have been given.

5.8. Arbitration, Damages, Warranties

Notwithstanding any language to the contrary, no interpretation of this contract shall find that the State or its agencies have agreed to binding arbitration, or the payment of damages or penalties. Further, the State of Kansas and its agencies do not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages available to the State of Kansas or its agencies at law, including but not limited to, the implied warranties of merchantability and fitness for a particular purpose.

5.9. Representative's Authority to Contract

By signing this contract, the representative of the contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the contractor and that the contractor agrees to be bound by the provisions thereof.

5.10. Responsibility for Taxes

The State of Kansas and its agencies shall not be responsible for, nor indemnify a contractor for, any federal, state, or local taxes which may be imposed or levied upon the subject matter of this contract.

5.11. Insurance

The State of Kansas and its agencies shall not be required to purchase any insurance against loss or damage to property or any other subject matter relating to this contract, nor shall this contract require them to establish a "self-insurance" fund to protect against any such loss or damage. Subject to the provisions of the Kansas Tort Claims Act (K.S.A. 75-6101, et seq.), the contractor shall bear the risk of any loss or damage to any property in which the contractor holds title.

5.12. Information

No provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101, et seq.

5.13. The Eleventh Amendment

"The Eleventh Amendment is an inherent and incumbent protection with the State of Kansas and need not be reserved, but prudence requires the State to reiterate that nothing related to this contract shall be deemed a waiver of the Eleventh Amendment."

5.14. Campaign Contributions / Lobbying

Funds provided through a grant award or contract shall not be given or received in exchange for the making of a campaign contribution. No part of the funds provided through this contract shall be used to influence or attempt to influence an officer or employee of any State of Kansas agency or a member of the Legislature regarding any pending legislation or the awarding, extension, continuation, renewal, amendment or modification of any government contract, grant, loan, or cooperative agreement.
