READ THE TEXT THREE TIMES THEN ANSWER THE QUESTIONS BELOW.

On an early Monday morning, our school went on a field trip to a farm. The farm had four big barn houses. We first visited the small animals. I counted 12 chickens in the chicken coop and 5 small chicks. Next to the chicken coop, there was 6 large pigs. We stayed to watch the pig races!

It was so exciting. Next, we visited the second barn house where we found 3 large cows and 5 large horses. We got to learn so much about these animals. In the third barn, we found 5 goats and and one donkey. Next, we met with the rest of my school to eat lunch.

1 Which animals were found in the first barn house?

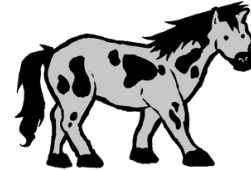

2 How many pigs and horses were found in the barn houses?

3 How many goats and cows were found iat the farm?

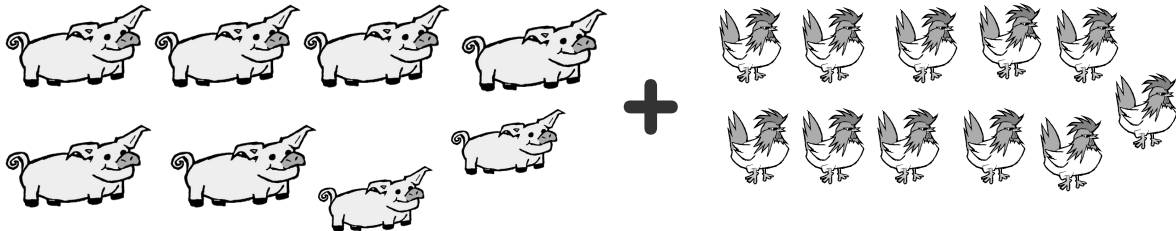

CAREFULLY READ THROUGH THE TEXTS AND ANSWER THE QUESTIONS.
